### Chapter 1: Introduction, Objectives, Methodology,

**Data Base and Scope of the Study**

1.1 Introduction to and Rationale of the Study 1-4  
1.2 Objectives of the Study 4-5  
1.3 Oil & Gas Sector in India: An Overview 5-7  
1.4 Selection of Companies and Scope of the Study 8  
1.5 Research Methodology and Data Base of the Study 9  
1.6 Organization of the Study 10-11  
1.7 Limitations of the study 12  
1.8 Scope for Future Research 12  

References 13

### Chapter 2: Background of the Companies under study,

**Literature review and Identification of Research Gap**

2.1 Background of the Companies under study  
  2.1.1 Oil and Natural Gas Corporation of India (ONGC) 14-16  
  2.1.2 Oil India Limited (OIL) 16-17  
  2.1.3 Indian Oil Corporation Ltd. (IOCL) 17-19  
  2.1.4 Bharat Petroleum Corporation Ltd. (BPCL) 20-21  
  2.1.5 Hindustan Petroleum Corporation Ltd. (HPCL) 22-24  
  2.1.6 Gas Authority of India Ltd. (GAIL) 24-25  

2.2 Literature Review 26-39  
2.3 Identification of Research Gap 40-41  

References 41-42
Chapter-3: Analysis of Capital Structure and Measurement of Leverage Ratios and their Implications of the selected Public Sector Oil and Gas Companies in India

3.1 Introduction

3.2 Financial Structure and Capital Structure

3.3 Meaning of Long-term Funds

3.3.1 Factors affecting the requirement of Long-term Funds

3.4 Gearing of Capital

3.5 Leverage

3.6 Analysis of the degree of leverages and return on equity of the selected public sector oil and gas companies in India

3.6.1 Analysis of Correlation between the degree of leverages and return on equity of the Selected Public Sector Oil and Gas Companies in India

3.6.2 Analysis of Correlation between DOL and ROE of the selected Public Sector Oil and Gas Companies in India

3.6.3 Analysis of Correlation between DFL and ROE of the selected Public Sector Oil and Gas Companies in India

3.6.4 Analysis of Correlation between DTL and ROE of the selected Public Sector Oil and Gas Companies in India

3.7 Financial Break-Even-Point (B-E-P)

3.7.1 Analysis of Financial Break-even Points of the selected Public Sector Oil and Gas Companies in India

3.8 Analysis of Long-term Solvency Position of the selected Public Sector Oil and Gas Companies in India
3.8.1 Proprietary Ratio (PR) 65-66
3.8.2 Debt to Equity Ratio (DE) 66
3.8.3 Total Debt Equity Ratio (TDER) 67
3.8.4 Fixed Assets to Debt Ratio (FADR) 67
3.8.5 Fixed Assets to Net worth Ratio (FANWR) 67-68
3.8.6 Interest Coverage Ratio (ICR) 68

3.9 Computation and Analysis of ranks on the basis of average values of solvency indicating parameters of the selected public sector oil and gas companies in India 80-83

References 84-87

Chapter-4: Analysis of Performance of Liquidity Management of the selected Public Sector Oil and Gas Companies in India

4.1 Introduction 88
4.2 Concept of Liquidity 88-89
4.2.1 Current Ratio 89-90
4.2.2 Acid Test Ratio or Quick Ratio 90-91
4.2.3 Absolute Liquid Ratio 92

4.3 Computation and Analysis of various liquidity ratios and return on capital employed of the selected public sector oil and gas companies in India 92-98
4.4 Analysis of ranks on the basis of average values of liquidity indicating parameters of the selected public sector oil and gas companies in India 98-100
4.5 Analysis of Correlation between the CR, OR, CATAR and CASR and ROCE of the Selected Public Sector Oil and Gas Companies in India 100-103
4.6.1 Computation of Performance Index (PI), Utilization
Index (UI) and Efficiency Index (EI) of the selected public
sector oil and gas companies in India 105-111

4.6.2 Analysis of Performance Index (PI), Utilization Index (UI)
and Efficiency Index (EI) of the selected Public Sector Oil
and Gas Companies in India 112-114

4.7 Analysis of ranks on the basis of average values of Performance
Indices of the selected Public Sector Oil and Gas companies in India 114-115

4.8 Computation of PI, UI and EI and ROE of the selected
public sector oil and gas companies in India 115-118

4.9 Analysis of Correlation between the PI, UI and EI and return on
equity of the Selected Public Sector Oil and Gas Companies in India 119-120

4.9.1 Analysis of Correlation between PI and ROE of the selected
Public Sector Oil and Gas Companies in India 120

4.9.2 Analysis of Correlation between UI and ROE of the selected
Public Sector Oil and Gas Companies in India 120

4.9.3 Analysis of Correlation between EI and ROE of the
selected Public Sector Oil and Gas Companies in India 120
4.10 Analysis of working capital leverage (WCL) 121

4.10.1 Computation and Analysis of working capital leverages (WCLs) of the selected public sector oil and gas companies in India 121-131

4.11 Analysis of Motaal’s Comprehensive Test of Liquidity of the selected Public Sector Oil and Gas Companies in India 131-137

4.11.1 Computation and Analysis of ranks of Motaal’s Comprehensive Test of Liquidity of the selected public sector oil and gas companies in India 138-139

References 140-144

Chapter-5: Analysis of Profitability and Efficiency in Total Cost Management of Selected Public Sector Oil and Gas Companies in India

5.1 Introduction 145

5.2 Profitability and Efficiency 145-146

5.3 Liquidity-Profitability Tangle 146-147

5.3.1 Strategies in Working Capital Management 147-148

5.4 Computations and Analysis of Current assets to total assets (CATA) ratio and return on capital employed (ROCE) of the selected public sector oil and gas companies in India 148-154

5.5 Analysis of Correlation between current assets to total assets (CATA) ratio and return on capital employed (ROCE) of the selected public sector oil and gas companies in India 154-155

5.5.1 Analysis of Correlation between CATA and ROCE of the selected Public Sector Oil and Gas Companies in India 155
5.6 Total Cost Management and its Rationale

5.6.1 Computation of various elements of cost, total cost and ROCE of

the selected public sector oil and gas companies in India 156-162

5.7 Analysis of Correlation between the Return on Capital

Analysis of Correlation between the Return on Capital Employed and ratios highlighting the elements of cost to total cost of

the Selected Public Sector Oil and Gas Companies in India 163-167

5.7.1 Analysis of Correlation between RMCTC and ROCE of

the selected Public Sector Oil and Gas Companies in India 164

5.7.2 Analysis of Correlation between PFCTC and ROCE of the

selected Public Sector Oil and Gas Companies in India 165

5.7.3 Analysis of Correlation between ECTC and ROCE of the

selected Public Sector Oil and Gas Companies in India 165

5.7.4 Analysis of Correlation between OMCTC and ROCE of

the selected Public Sector Oil and Gas Companies in India 166-167

5.7.5 Analysis of Correlation between SACTC and ROCE of the

selected Public Sector Oil and Gas Companies in India 167

5.7.6 Analysis of Correlation between METC and ROCE of the

selected Public Sector Oil and Gas Companies in India 167

5.8 Measurement of profitability in relation to sales revenue

5.8.1 Gross Profit Ratio (G. P. Ratio) 168

5.8.2 Operating Profit Ratio (Op. P Ratio) 169

5.8.3 Net Profit Ratio (N. P. Ratio) 169

5.9 Measurement of Profitability in relation to Investment 171-174

5.9.1 Return on Capital Employed (ROCE) 171
5.9.2 Return on Net worth (RONW) 172
5.9.3 Earnings per Share (EPS) 172
5.10 Computation and Analysis of ranks on the basis of average values of the profitability ratios for the selected public sector oil and gas companies in India 174-176

References 177-179

Chapter-6: Analysis of Efficiency of Asset Management of the selected Public Sector Oil and Gas Companies in India

6.1 Introduction 180
6.1.1 Fixed Assets Turnover Ratio (FATR) 180
6.1.2 Total Assets Turnover Ratio (TATR) 181
6.1.3 Working Capital Turnover Ratio (WCTR) 181
6.1.4 Inventory Turnover Ratio (ITR) 181-182
6.1.5 Debtors Turnover Ratio (DTR) 183
6.1.6 Cash Turnover Ratio (CTR) 184
6.2 Analysis of various ratios relating to efficiency of asset management and ROCE of the selected public sector oil and gas companies in India 184-196
6.3 Computation and Analysis of ranks on the basis of average values of asset management ratios of the selected public sector oil and gas companies in India 197-199
6.4 Analysis of Correlation between the Return on Capital Employed and selected ratios relating to efficiency in asset management of the Selected Public Sector Oil and Gas Companies in India 200-204
6.4.1 Analysis of Correlation between FATR and ROCE of the selected Public Sector Oil and Gas Companies in India 201
6.4.2 Analysis of Correlation between TATR and ROCE of the selected Public Sector Oil and Gas Companies in India 202
6.4.3 Analysis of Correlation between WCTR and ROCE of the selected Public Sector Oil and Gas Companies in India 202
6.4.4 Analysis of Correlation between ITR and ROCE of the selected Public Sector Oil and Gas Companies in India 203-204
6.4.5 Analysis of Correlation between DTR and ROCE of the selected Public Sector Oil and Gas Companies in India 204
6.4.6 Analysis of Correlation between CTR and ROCE of the selected Public Sector Oil and Gas Companies in India 204

References 205-206

Chapter-7: Performance Analysis through Internal Resource Generation,

Contribution to the Central Exchequer and Analysis of Value Addition by the selected Public Sector Oil and Gas Companies in India

7.1 Introduction 207
7.2 Performance Analysis through Internal Resource Generation of the selected Public Sector Oil and Gas Companies in India 208-219

7.2.1 Analysis of internal resource generation by the CPSEs as a whole and selected public sector oil and gas companies in India 215-219

7.3 Performance Analysis through Contribution to the Central Exchequer by the selected Public Sector Oil and Gas Companies in India 220-230

7.3.1 Analysis of contribution to the central exchequer by the CPSEs as a whole and selected public sector oil and gas companies in India 226-230
7.4 Performance Analysis through the Value Addition by the selected Public Sector Oil and Gas Companies in India 231-236

7.5 Analysis of Financial Performance of the selected Public Sector Oil and Gas Companies in India 236-237

7.6 Performance Analysis of selected Public Sector Oil and Gas Companies in India through Value Added Ratios 238-243

7.6.1 Value Added to Capital Employed Ratio (VA to CE) 238

7.6.2 Value Added to Fixed Assets Ratio (VA to FA) 238

7.6.3 Value Added to Remuneration paid to Employees (VA to RPE) 239

7.6.4 Computation of value added ratios and analysis of performance through value added ratios of the selected public sector oil and gas companies in India 239-243

References 244-245

Chapter 8: Summary of the study, Suggestions and Conclusion of the study

8.1 Summary of the study 246-264

8.2 Suggestions of the study 264-266

8.3 Conclusion of the study 267-270

Bibliography 271-282

Appendix 283-294
