List of Table

Table 3.1: Key Indicators of Indian Agriculture
Table 3.2: Trends in area and production of major crops/crop groups: TE 1983-84 to TE 2008-09
Table 3.3: Production of Important Food-Crops in Three Largest Producing States in 2011-12
Table 4.1: Growth Performance of the districts of West Bengal during 1970-2010.
Table 4.2: Rank Correlation Test Showing Relative Stagnancy of the Variables during 1970-71 to 2009-10 of West Bengal.
Table 4.3: Showing the position of the districts of West Bengal according to the acceleration/ deceleration of growth rates of Rice during 1970-71 to 2009-10.
Table 4.4: Growth Performance of the districts of Andhra Pradesh during 1970-2010.
Table 4.5: Rank Correlation Test Showing Relative Stagnancy of the Variables during 1970-71 to 2009-10 of the Districts of Andhra Pradesh.
Table 4.6: Showing the position of the districts of Andhra Pradesh according to the acceleration/ deceleration of growth rates during 1970-71 to 2009-10.
Table 4.7: Growth performance of the districts of Maharashtra during 1970-71 to 2009-10.
Table 4.8: Rank Correlation Test Showing Relative Stagnancy of the Variables during 1970-71 to 2009-10 of the Districts of Maharashtra.
Table 4.9: Showing the position of the district of Maharashtra according to the acceleration/ deceleration of growth rates during 1970-71 to 2009-10.
Table 4.10: Percentage of districts with negative growth rate among the three states under study
Table 7.11: Percentage of districts of different states under study according to their growth performance
Table 4.12 Percentage of Districts of the States under Study having Acceleration of Growth during the Period of Study

Table 5.1: Rank Correlation Test Showing Relative stagnancy of the Variable during 1970-71 to 2009-10 of the Districts of West Bengal

Table 5.2: Showing the position of the districts of West Bengal according to the acceleration/ deceleration of growth rates of Rice during 1970-71 to 2009-10

Table 5.3: Rank Correlation (periodisation) between two periods for West Bengal

Table 5.4: Position of the Districts of West Bengal According to the Acceleration\Deceleration of Growth Rates of Rice during 1970-71 to 2009-10.

Table 5.5: districts Showing Positive and negative Growth Rate and % change in Welfare of Acreage, production and yield of crops by sub periods for West Bengal.

Table 5.6: Rank Correlation Test Showing Relative stagnancy of the Variable during 1970-71 to 2009-10 for Andhra Pradesh.

Table 5.7: Position of the Districts of Andhra Pradesh according to the Acceleration/Deceleration of Growth Rates of Rice during 1970-71 to 2009-10.

Table 5.8: Rank Correlation (Periodisation) between two periods of Andhra Pradesh

Table 5.9: Position of the Districts of Andhra Pradesh according to the Acceleration\Deceleration of Growth Rates of rice during 1960-61 to 1989-90.

Table 5.10: districts of Andhra Pradesh Showing Positive and negative Growth Rate and % change in Welfare of Acreage, production and yield of crops by sub periods.

Table 5.11: Rank Correlation Test Showing Relative stagnancy of the Variable during 1970-71 to 2009-10 of Maharashtra State.
Table 5.12: Showing the position of the districts of Maharashtra according to the acceleration/ deceleration of growth rates of Rice during 1970-71 to 2009-10

Table 5.13: Rank Correlation (periodisation) between two periods of Maharashtra State

Table 5.15: districts of Maharashtra Showing Positive and negative Growth Rate and % change in Welfare of Acreage, production and yield of crops by sub periods.

Table 6.1: Zone wise efficiency of firms for CRS and VRS technologies

Table: 6.2 Mean DEA Efficiency Scores from three years window analysis

Table:6. 3 Average DEA Efficiency Score according to B-W Method

Table: 6.4 Zone Wise Average Total Factor Productivity Change

Table 7.1 Gini-Coefficient of the States

Table 7.2 TFP Measures for Different Models

Table 7.3 OLS Estimation result for Model A where Poverty is the dependent Variable

Table 7.4 OLS Estimation Considering TFGP specified by Model-2.

Table 7.5 OLS Estimation Considering TFGP specified by Model-3.
