ACKNOWLEDGEMENTS

It gives me tremendous pleasure in acknowledging the valuable assistance, help and support which I have received from various people for whom I am highly grateful and thankful.

I am heartily grateful to my esteem supervisor and teacher Dr Apurba Ratan Ghosh, Former Director, UGC-ASC, BU, and Associate Professor, Department of Environmental Science, The University of Burdwan, not only for his constant guidance, inspiration, advice and suggestions but also mental support and care throughout the period of my research.

I also express my deep sense of gratitude to all my respected teachers Professor (Dr) J.K. Datta, Dr S. Gupta, and Dr N.K. Mondal, Teacher-In-Charge, Department of Environmental Science, The University of Burdwan for giving the permission to utilize the laboratory facilities during their headship, and providing me their valuable suggestions and support as and when required.

I owe my indebtedness to my respected teacher Professor (Dr) N. Prasad, Department of Geography, The University of Burdwan for his important suggestions during this research.

I also express my deep regards to my respected teacher Professor (Dr) A. Mukherjee, Department of Botany, The University of Burdwan for his valuable suggestions during this research.

I express my immense gratitude and special respect to the Honourable Vice-Chancellor, the Registrar and Dean (Science) of this University for their kind permission and co-operation in all official procedures to do this research.

I would like to express my indebtedness and deep sense of gratitude to Dr Arpita Das, Former Senior Research Fellow, Indian School of Mines, Dhanbad for her constant help and technical support during my research work.
I would also like to give thanks to all the nonteaching staff members of Department of Environmental Science, The University of Burdwan for their help.

I want to thank my friends, seniors, juniors and all well wishers for their constant encouragement.

My love and cordial regards to my parents, without their constant support, adore and inspiration it was next to impossible to complete my research work.
