Acknowledgement

All praises and thanks are to the Almighty Allah, the one Universal Being, the Creator, the Cherisher, and the Sustainer of the World.

“Proclaim! And thy Lord is the Most Bountiful. He who taught the Use of Pen; Taught man that which he knew not!” (Surah Alaq: 3-5, Al-Qur'an)

I hereby submit my being to my Creator, the One who enlightened my life with the light of knowledge and endowed me with the requisite ability to complete this piece of work with all authenticity.

I am really fortunate to have been gifted by God, the most affectionate and caring family and friends whose extraordinary, unequivocal and inexhaustible support led to the grandiose of my discernment for which my mere expression of thanks likewise does not suffice.

I feel extremely felicitous to have the opportunity to work under the benign personality of my esteemed supervisor Dr. Shahla Ghauri (Assistant Professor), Dept. of English, A.M.U, who continually and convincingly has supported me throughout my thesis with her patience and knowledge whilst allowing me the room to work in my own way. Her able guidance, positive criticism, constant support and encouragement have led to the ship-shaping of this research.

It is my privilege to express my sense of gratitude to Prof. Asif Shuja, Chairperson, Dept. of English, A.M.U, for providing me all the necessary facilities and valuable support during the entire course of my study.
I am highly indebted to Dr. Mohd. Asim Siddiqui, (Associate Professor), for his cooperative attitude, wise and knowledgeable counsel that acted as an impetus in the successful completion of my research work.

My reserved thanks are duly recorded for the constant fortification on the part of the entire teaching and non-teaching staff of the Dept. of English, A.M.U as well as for the spontaneous assistance of the staff of Maulana Azad Library, A.M.U. Likewise, my sincere thanks to The American Centre, New Delhi, without the assistance of which this successful attempt would not have been possible.

No words will suffice to explain my gratitude towards my sisters Fatima Sughra and Ferheen Zehra and special thanks to my friends Mr. Mohd. Ghufran, Tatheer Aziz, Chitwan Singh and Usuf Ansari for their ever present support.

Last but by no means the least, I acknowledge my heart-felt admiration for all those who were involved with my efforts, directly or indirectly, and made me achieve this academic stage.

Tehreem Zehra
