ACKNOWLEDGMENT

The thesis entitled “Taxonomic study of the Genus Ficus L. (Moraceae) in Assam” has been presented for the degree of Doctor of Philosophy in Botany of the Gauhati University, Guwahati, Assam. This work has been undertaken during the period of 2010-2014 under the guidance of Dr. (Mrs.) Purnima Devi, Associate Professor and Head (Retd.), Department of Botany, Cotton College, Guwahati, Assam. I am very much fortunate enough for her kind consent to supervise the work and to receive her skilful guidance and great encouragements.

I am very much grateful to Dr. S. K. Borthakur, Professor and Head, Department of Botany, Gauhati University, Guwahati, Assam for his support and encouragement in every step during the work.

I also like to express my thanks to Dr. Vipin Parkash, Scientist-D, Dr. T.C. Bhuyan, Scientist-B, Dr. (Mrs) Papori Phukan Borpuzari, Scientist-B, Dr. (Mrs) Nizara Dutta Borthakur, Scientist-B and Dr. (Mrs) Kuntala Neog Barua, Research Officer of Rain Forest Research Institute, Jorhat for their support to carry out the work. I would also like to thank Mr. Niren Das, Research Assistant (Grade-I) of Rain Forest Research Institute, Jorhat for his support and guidance to carry out the statistical work.

I am also very much thankful to Sri. Jatin Sharma, Deputy Conservator of Forests, Forest Department, Assam for his encouragement and support during collection and field survey. I also like to express my thanks to PCCF (Wildlife), Guwahati, Assam and Assam Biodiversity Board, Guwahati, Assam for providing the permission to carry out the study in reserved areas of the state.

I would also like to thank the Director, Scientists and Officials of Botanical Survey of India, Eastern Circle, Shillong for helping in the identification of the specimens.

Grateful thanks are also due to the respected faculty members and staff members of Department of Botany, Gauhati University, Guwahati and Cotton College, Guwahati for help in various ways during the period of investigation.

I wish to express my sincere thanks to my parents who encouraged me to complete my Ph.D. thesis.

During the collection of literature and in other library works, I have received help from the Librarians of K. K. Handique Library of Gauhati University, Guwahati; Dr. Sujya Kumar Bhuyan Library, Cotton College, Guwahati; Library of Rain Forest
Research Institute, Jorhat; Library of CSIR-North East Institute of Science and Technology, Jorhat; Library of Dibrugarh University, Dibrugarh. Therefore, I express my sincere thanks to them.
