ACKNOWLEDGEMENT

I would like to express my sincere gratitude to my research supervisor Dr. V. Pandurangadu, professor, Department of Mechanical Engineering, JNTUA College of Engineering, Anantapur, for his guidance and help extended at every stage of this research work. I am deeply indebted to him for giving me definite direction and moral support to complete the research work successfully.

It gives me immense pleasure to express my deep sense of gratitude to my co-supervisor Dr. K. Palanikumar, Principal, Sri Sai Ram Institute of Technology, Chennai, for his invaluable guidance, motivation, constant inspiration and above all his ever co-operating attitude enabled me in bringing up this thesis in present elegant form.

I express my sincere thanks to Dr. M. Santhiramudu, Chairman, RGM Group of Educational Institutions - Nandyal, for providing all institutional help and encouragement for the research work.

I also thank Dr. L. Karunamoorthy, Professor, Central workshop, Department of Mechanical Engineering, Anna University-Chennai for extending lab facilities to perform the experiments.

I also thank M/s ICP India, Pvt., Ltd, Bangalore for supplying GFRP composite tubes used in this research work.

Finally, I whole-heartedly thank my wife Mrs. Syed Shabana Altaf and Children Syed Afroz Begum, Syed Habeeba Sultana for motivating me with their patience, sacrifice and love.

Syed Altaf Hussain.
