ACKNOWLEDGEMENTS

It is with pleasure, that I put on record on deep and sincere gratitude to Dr. B. Joshi, D.A., M.B.
Lecturer in Department of anaesthesiology, M.B.B.S., Medical College, Jhansi, was privilege to work for this study under his valuable guidance. He has been a source of inspiration and encouragement throughout the work. The present work has been possible because of his wise counsel, sincere criticism and valuable advice, which I have had the good fortune to receive.

I am highly thankful to Prof. K.C. Gupta, M.B.,
(F.R.C.S.) in the department of otolaryngology and Dr. Chitra,
M.B., F.R.C.S., Lecturer in anaesthesiology, whose valuable guidance and advice in every stage of the study, made possible the completion of this project.

I do not have words to express my gratitude and indebtedness to my esteemed teacher Prof. B.C. Joshi, M.B.,
D.A., Head of department of Anaesthesiology, M.B.B.S., Medical College, Jhansi. It is his able guidance that had made it easy to me to present this work.

My thanks are also due to all my teachers and staff members of the department of anaesthesiology and department of otolaryngology for their helpful co-operation.

I gratefully acknowledge the help and co-operation of my colleagues and friends.
I am very grateful to my parents and wife for their moral support.

A word of appreciation and thanks are due to Mr. K. C. Sharma for his balanced and skillful typing work for present thesis.

( Pradeep Kumar Khattari )
