

## TABLE OF CONTENTS

|  | Page |
|--|------|
| ACKNOWLEDGEMENTS.....  | v    |
| LIST OF TABLES.....  | ix   |
| LIST OF FIGURES .....  | xi   |
| <br>Chapter  |      |
| 1. INTRODUCTION.....   | 1    |
| EARTH'S ATMOSPHERE AND LIFE ON EARTH.....  | 1    |
| AIR POLLUTION.....   | 4    |
| ANTHROPOGENIC AIR POLLUTION SOURCES.....   | 9    |
| AIR POLLUTANTS.....  | 12   |
| Carbon Oxides  |      |
| Hydrocarbons   |      |
| Photochemical Oxidants   |      |
| Inorganic Compounds  |      |
| Organic Compounds  |      |
| Radioactive Substances   |      |
| Sulfur Oxides  |      |
| Oxides of Nitrogen   |      |
| Particulates   |      |
| STATEMENT OF THE PROBLEM.....  | 18   |
| HYPOTHESES.....  | 19   |
| 2. LITERATURE REVIEW.....  | 20   |
| INTERNATIONAL AND INDIAN STUDIES ON<br>SULFUR DIOXIDE, OXIDES OF NITROGEN AND SUSPENDED<br>PARTICULATE MATTER..... | 20   |
| SULFUR DIOXIDE.....  | 21   |
| Sources of SO <sub>2</sub>   |      |
| International Studies  |      |
| Indian Studies   |      |
| OXIDES OF NITROGEN (NO <sub>x</sub> ).....   | 35   |
| Sources of NO <sub>x</sub>   |      |
| International Studies  |      |
| Indian Studies   |      |
| SUSPENDED PARTICULATE MATTER (SPM).....  | 42   |
| Sources of SPM   |      |
| International Studies  |      |
| Indian Studies   |      |
| METEOROLOGY OF AIR POLLUTION.....  | 56   |
| EFFECTS OF AIR POLLUTANTS.....   | 59   |
| General Effects of Air Pollutants  |      |

|    |  |     |
|----|--|-----|
|    | Effects on Health                                    |     |
|    | Effects on Atmospheric Properties and Weather        |     |
|    | Specific Effects                                     |     |
|    | Sulfur Dioxide                                       |     |
|    | Oxides of Nitrogen                                   |     |
|    | Suspended Particulate Matter                         |     |
| 3. | THE STUDY AREA .....                                 | 67  |
|    | LOCATIONAL ASPECTS .....                             | 67  |
|    | PHYSICAL GEOGRAPHIC SETUP .....                      | 68  |
|    | Geomorphology  |     |
|    | Drainage   |     |
|    | Climate  |     |
|    | Vegetation   |     |
|    | HUMAN ASPECTS .....                                  | 74  |
|    | Population   |     |
|    | Industrial Development                               |     |
| 4. | DATA AND METHODOLOGY .....                           | 82  |
|    | DATA .....   | 82  |
|    | Measurement of Suspended Particulate Matter          |     |
|    | Measurement of Gaseous Pollutants                    |     |
|    | METHODOLOGY .....                                    | 85  |
|    | Determination of Temporal Trend                      |     |
|    | Determination of Spatial Trend                       |     |
|    | Ambient Air Quality Standards                        |     |
|    | Comparing Recorded Data with Standards               |     |
| 5. | ANALYSIS AND DISCUSSION .....                        | 91  |
|    | ANALYSIS .....                                       | 91  |
|    | AMBIENT AIR QUALITY IN SELECTED INDIAN CITIES .....  | 92  |
|    | Temporal Trends                                      |     |
|    | Residential Areas                                    |     |
|    | Industrial Areas                                     |     |
|    | Sensitive Areas                                      |     |
|    | Spatio-Temporal Trends                               |     |
|    | Trends in Yearly Averages                            |     |
|    | Trends in Six-Monthly Averages                       |     |
|    | Trends in Three-Monthly Averages                     |     |
|    | Ambient Air Quality in Delhi: Spatio-Temporal Trends |     |
|    | Comparison of Ambient Air Quality with Standards     |     |
|    | DISCUSSION .....                                     | 112 |
| 6. | SUMMARY AND CONCLUSION .....                         | 120 |

|   |     |
