Acknowledgement

On the very onset, I would like to pay my heartfelt homage to the all potent and omnipresent almighty who bestows all his blessings and power on me to fulfill his will and my destiny.

I reverentially owe my deep sense of appreciation and indebtedness to my esteem mentor and venerated teacher, Dr. S. K. Sharma, Professor, Department of Chemistry, Himachal Pradesh University, Shimla, for his judicious guidance, constructive criticism, inspiration and positive attitude during entire course of present study as well as in other spheres of my life. I thank him for his zeal to venture ahead.

I avail myself off this opportunity to express my gratitude to Prof. D. K. Sharma, Chairman, Department of Chemistry, Himachal Pradesh University, Shimla, for being a constant motivation and providing me necessary facilities to carry out my research work. I wish to express my special thanks to all the respective faculty members and nonteaching staff of this department for their cooperation.

I owe an inestimable debt to Kushal Kumar, Munish Thakur, Vikas Bharti Parul and all my labmates. Without their timely help and continued interest this work could not have been possible.

I would like to place on record my sincere thanks to all my friends especially Vandana, Kamini, Ranjna and Sandeep, who all along stood by me and gave me strength, warm hospitality and making the environment congenial. Their cooperation is printed indelibly on my heart even at odd hours.

I will forever be indebted to my parents who stood with me in each and every step of my life. Their blessing, sacrifices, inspiring attitude, heartiest wishes and encouragement are greatly acknowledged. I express special gratitude to my loving brother Amit Kapil, jija ji, didi Poonam for his affectionate attitude and everlasting encouragement. Words fail to adequately express my feelings towards my parents in laws and brother in law Sanjay for their caring nature, cooperation and encouraging me always.

I am grateful to God bestowing me with such loving husband Shiv Kumar Sharma who is a source of inspiration during this research work. Needless to mention that without their enthusiastic participation, this piece of work could not have been seen the light of day.

Anuradha Kapil
