ACKNOWLEDGEMENTS

I sincerely express my profound sense of gratitude and indebtedness to my supervising teacher, Dr. T. Vasudevan Nayar, M.Sc., Ph.D., Scientific Officer (Rtd), Division of Marine Chemistry, Department of Aquatic Biology and Fisheries, University of Kerala, for suggesting the research topic and for his invaluable and inspiring guidance and constant encouragement and supervision throughout the course of this study.

I wish to express my sincere gratitude to Dr. K. Devendran, Ph.D., D.Sc., FSFT, Professor and Head of the Department, Aquatic Biology and Fisheries, for the facilities provided in the department to carry out the work successfully.

I am highly obliged to all faculty members of the Department of Aquatic Biology and Fisheries, for their encouragement and help throughout the period of my work. I am also thankful to all non-teaching staff and librarian of the department for their kind co-operation and timely help.

I take this opportunity to record my deep felt gratitude to Dr. Jayaraman Sel. Grade Lecturer in Botany, University College, Thiruvananthapuram, for his ceaseless help, cooperation and valuable suggestions during the course of the research work.

My special thanks to Dr. T. Ganga Devi, former Principal, College for Women, Thiruvananthapuram, Dr. Mini and Dr. Radhika, Department of Botany, University College, Thiruvananthapuram for their unhesistant help.

I am very much indebted to the Manager, TKM trust, Principal and Head of the Department of Zoology, for the facilities provided to me in the department. I am greatful to my colleagues and friends for their constant encouragement.

My sincere thanks to Dr. K. Chandramohan kumar, Head of Chemical Oceanography, School of Marine Science, Cochin University of Science and Technology, for his help in analysing the trace metals using Atomic Absorption Spectrometry.

I extend my gratitude to the University Grants Commission for permitting me to complete the course as a Teacher fellow under the Faculty Improvement Programme.

I am also greatful to my mother, brother, sister and other family members for their support and encouragement.

I whole heartedly acknowledge and appreciate the constant encouragement and invaluable assistance rendered by my husband Shri. T. M. Hassan and also my children Nehas and Neha for the forbearance during the entire stage of this work.

Words are inadequate to express my love and indebtedness towards my very beloved father (late) Prof. H. M. Kassim Sait for his wholehearted support, love, encouragement and kind help.

Above all, I am very much greatful to the Almighty God for the blessings showered on me.
