INDEX

1. INTRODUCTION 1
   Origin of Research Problem 7
   1.2 Aims and objective 8
   Brief objective of the Study: 8
   1.2.1 Main Objective 8
   1.2.2 Specific Objective 9
   1.2.4 Hypothesis 9

2. REVIEW OF LITERATURE 10
   2.1 Diabetes Mellitus with 11
      2.1.1 Incidence and Prevalence of Type 2 Diabetes Mellitus 11
      2.1.2 Overweight and Obesity 16
      2.1.3 Physical Activity 23
      2.1.4 Glycemic Control 25
      2.1.5 Diet and Diabetes 29
      2.1.6 Management of Diabetes Mellitus 33
   2.2 Minor Millets 37
      2.2.1 Millets and their Uses 37
      2.2.2 Nutrient Composition 40
      2.2.3 Health benefits of Minor Millets 42
      2.2.4 Estimation of Glycemic Index 43
      2.2.5 Glycemic Index of Millets 45
      2.2.6 Hypoglycemic and Hypolipemic effects of Millets 47
      2.2.7 Value addition to Minor Millets 49
4.9. Correlation Coefficient Analysis  

5. SUMMARY AND CONCLUSION  

6. LIMITATIONS AND RECOMMENDATIONS
