Acknowledgments

This thesis is the end of my journey in obtaining my Ph.D. I have not traveled in a vacuum in this journey. This thesis has been kept on track and been seen through to completion with the support and encouragement of numerous people including my well wishers, friends, colleagues and various institutions. A number of people have been instrumental in providing me with help, direction and support throughout this PhD journey. At the end of my thesis, it is a pleasant task to express my thanks to all those who contributed in many ways to the success of this study and made it an unforgettable experience for me.

I take this opportunity to express my deep sense of gratitude to my research guide Dr. P.B. Cholke, Department of Botany, Prof. Ramkrishna More Arts, Commerce and Science College, Akurdi, Pune, for his invaluable support, instinctive guidance and providing the necessary institutional facilities. I am appreciative of his guidance, advice, patience, and time.

Words would perhaps fail to express the gratitude I owe to my Co-Guide, Dr. B. N. Zaware, Principal, Pune Zilha Shikshan Mandal’s Anantrao Pawar College Pirangut, Mulshi, Pune, for giving me the opportunity to work under his able and valuable guidance. I will always be grateful for his continued support, sharp ideas in the research field and throughout encouragement during the tenure.

I gratefully acknowledge Hon. Ajitdada Pawar (President), Hon. Sandeep Kadam (Secretary) and Hon. Rajendra Ghadge (President Nominee), Pune District Education Association, Pune, 38, for their cooperation during the Ph.D. tenure.

At this moment of accomplishment, first of all I pay homage to my previous guide Late Prof. J.G. Vaidya. I would always be thankful to God, for giving me an opportunity to discover the amazing world of fungi which would not have been the reality without him. Learning I wish his soul roots in peace and solace in the heaven.
I thank, Dr. Sujata Bhargava, Professor and Head, Department of Botany, University of Pune for providing me the facilities in the Department of Botany, Savitribai Phule Pune University, Pune. I express my thanks to former Heads of the Department Prof. M. G. Shitole, Prof. B. B. Chaugule, Prof. V. R. Gunale and Prof. S. S. Deokule, for their valuable help during their tenures. I would also like to express my thanks to Prof. T.D. Nikam for his valuable suggestions in thesis completion and also to all other teaching and non-teaching staff of Botany Department, for their suggestions and help during the tenure of my study.

I extend my sincere thanks towards Dr. Nitin Ghorpade, Principal, Prof. Ramkrishna More Arts, Commerce and Science College, Akurdi, Pune, for providing me the facilities in the research place.

Dr. Valérie Hofstetter, you have been a fantastic mentor and I sincerely appreciate all your efforts in helping me to achieve this goal. I also thank you for providing me with the opportunity to work in the Agroscope Changins-Wädenswil (ACW) Research Station, Nyon, Switzerland, which was the lifetime experience and for making this visit so comfortable, memorable and enjoyable, I owe you so much. Thank you for teaching me all the molecular work and for being not just a fabulous supervisor but also for being friend.

I would like to thank Dr. Katia Gindro, Head, Pathology Division, ACW, Switzerland for availing all the laboratory facilities during work tenure. A special thanks to Dr. Leonardo Casieri, for valuable discussion regarding my research work, appreciation and tips to overcome discouragement and also for all the help during my tenure in Switzerland.

Words fail me to express my appreciation towards Dr. S.D. Sathe, Head, Department of Botany, Abasaheb Garware College, Pune. She was beside me during hard moments of this journey to push me and motivate me.

Thank you doesn’t seem sufficient but it is said with appreciation and respect to Dr. S. N. Murthy (AD-Incharge), Dr. Sharad Pawar (Research

Officer) and Dr. Gajendra Rao (Research Officer), National Research Institute of Basic Ayurvedic Sciences (NRIBAS), Pune for their support, guidance and cheer encouragement in critical phase during my tenure.

With sincere appreciation I wish to acknowledge all my lab mates from Department of Botany. Thanks are also due to all my friends and colleagues who have directly or indirectly helped me in completing this important dissertation. I send my sincere thanks and lots of love to all my wonderful friends, those friends I have known for a long time and those who I have made along the way.

I am very much indebted for the valuable advice given by Prof. S. J. Godse, Dhempe College, Goa and also for spending his precious time in discussion regarding thesis, moral support, personal attention and gave his valuable suggestions.

I take this opportunity to express my feelings to my loving parents and my dear family. Thank you for your encouragement and for being so proud of my efforts. Your love and excitement has helped me believe in myself. I convey special acknowledgement to mom, Mrs. Meena Malgaonkar and dad, Dr. M.B. Malgaonkar. During the inevitable ups and downs of my research they often reminded me life’s true priorities and inspired me. This helped me a lot to work for hours together tirelessly. I doubt that I will ever be able to convey my appreciation fully, but I owe them my eternal gratitude. I owe everything to them for making me an able human being and for narrating me towards my very own self.

Besides this, several people have knowingly and unknowingly helped me in the successful completion of this project. My sincere acknowledgements go to all those people who made this journey is easier. Thank you for everything, Thank you everyone!

Ms. Manasi Malgaonkar
