Acknowledgements

I take this opportunity to express my deep sense of gratitude to Dr K R S Sambasiva Rao, Coordinator & Head, Centre for Biotechnology, Acharya Nagarjuna University Nagarjunanagar - 522 510, Guntur, Andhra Pradesh, for his invaluable help, guidance, supervision and persistent encouragement provided during my research work.

I am also grateful to the Vice-Chancellor of the Acharya Nagarjuna University for his approval for registration to the Ph.D programme in the Department of Biotechnology. I am thankful to all Faculty and Research scholars in Centre for Biotechnology, Acharya Nagarjuna University for their timely help at the time of need.

I am grateful to the management of the National Dairy Development Board for allowing me to pursue higher studies, enabling me to enhance my skills in the subject. I do not have words to express my thankfulness to Dr V A Srinivasan, Head, R&D-Biotechnology, who always encouraged and inspired me which ultimately led me to complete the task successfully with greater confidence and authority.
Necessary support extended by Dr G K Sharma, Sr. Scientist, Biotechnology, is also gratefully acknowledged. My heart felt thanks to my lab mates, Mr. K M Singh, Mr. K J Soni, Dr J B Chauhan and Dr M K Shukla for their full support while undertaking experimental work.

Last but not the least, I am grateful to all my family members and friends, for their moral support and encouragement, without which the completion of the present studies would have been very difficult.
