ACKNOWLEDGEMENTS

Though only my name appears on the cover of this thesis, a great many people have contributed to its production. The pursuance of Ph.D. has changed my life enormously. At this momentous hour, it is time to look back and remember about people who held my little hands to climb up the stairs.

It is my privilege to express my heartfelt sense of gratitude and immense respects to

- Thiru.V.R. Venkataachalam, Chancellor
- Dr. T.K. ParthaSarathy, Professor of Eminence & Chief Advisor
- Dr. S.P. Thyagarajan, Professor of Eminence & Dean (Research)
- Dr. J.S.N. Murthy, Vice-Chancellor
- Thiru. N. Natarajan, Registrar
- Dr. K.V. Somasundaram, Dean of Faculties
- Dr. VijayalakshmiThanasekaran, Controller of Examinations
- Dr. P.V. Vijayaraghavan, Director (Academic Administration) & Dean Education
- Thiru. T.S. Thyagarajan, Deputy Registrar (Examinations)

and all other Dignitaries of Sri Ramachandra University for their support towards completion of my work.

I wish to express my sincere thanks to my Guide, Dr.S.Shanmuganathan, Professor and Head, Department of Pharmaceutics, Faculty of Pharmacy, Sri Ramachandra University, who offered his valuable suggestions and constructive criticism that has gone a long way in molding my unpolished skills.
I would like to express my special gratefulness and thanks to my RAC member, **DR. K. Gowthamarajan**, JSS College of Pharmacy, Ooty, for his suggestions, comments and remarks throughout my research. He has been responsible for enabling me to understand the scientific problem in an entirely new perspective.

I wish to express my sincere gratitude to my RAC member **DR. D. Chamundeeswari**, Principal, Faculty of Pharmacy for her continuous support.

I wish to express my sincere thanks to the **DST-SERB, New Delhi** (Government of India) for providing financial support to carry out the research successfully.

I wish to express my thanks to **DR. K. Chitra**, Vice Principal, Professor and Head, Department of Pharmaceutical Chemistry, **DR. C. Umamaheswara Reddy**, Professor and Head, Department of Pharmacology, Faculty of Pharmacy, Sri Ramachandra University for their valuable suggestions during my study.

My special thanks to research scholars **B. Anbarasan and M. Janani**, Department of Pharmaceutics, Faculty of Pharmacy, Sri Ramachandra University who kept on encouraging and supporting me throughout my way.

I acknowledge with deep sense of gratitude to all the members in **CEFT**, Sri Ramachandra University for their help in completing my animal activities and **Central Research Facility**, Sri Ramachandra University for helping me in analyzing samples by $^1$H NMR and HPLC.
I thank Kniss laboratories Pvt Ltd, Chennai for providing me the drug sample, IIT, Madras for helping me in performing the GC-MS Studies and Anna University for carrying out DSC studies.

I acknowledge DST PURSE, S.V. University, Tirupati to carry out SEM & AFM studies and SRM University, Kattankulathur for helping me to carry out XRD studies.

Furthermore, I would also like to gratitude with much thankfulness for the imperative role of the teaching and non-teaching staffs of Faculty of Pharmacy, Sri Ramachandra University.

Mere words can never encompass my profound inward emotions of ineffable, indebtedness and gratitude towards all my family members especially my Husband, Dad, Mom and my Daughter who invested their present for my future. Their unbounded affection, constant inspiration, unflickering support and blessings helped me to take the audacious task as a challenge.

Surpassing all, I thank the ALMIGHTY for the strength, courage, wisdom and with whose mercy I reached my endeavor so far and also should acknowledge all those who knowingly and unknowingly contributed and request them to accept my apologies for not quoting them here.

With all Gratefulness,

B. HARIKA
