ACKNOWLEDGEMENTS

I sincerely thank Dr. U.S. Chaudhari, my guide, with a deep sense of gratitude for suggesting the problem and for his valuable supervision and unfailing attention from time to time, throughout my research work. It was impossible for me to carry out this work without his guidance.

I am highly indebted to Prof. A.T. Kapuskar, without whose help and encouragement I would have never become a student of Cytogenetics.

It is my pleasant duty to express my gratitude to Dr. M.R. Moholkar, Principal, Vidarbha Mahavidyalaya Amravati, for providing all facilities.

I am very much grateful to Prof. S.D. Bhusari, Head Department of Botany, V.M.V. Amravati for providing me laboratory and library facilities and kind co-operation throughout. I extend my gratitude to Dr. M.A. Dhole, my teacher and senior colleague for his keen interest and help in every respect during last five years.

I put on record a deep sense of gratitude to Dr. A.B. Sapre, Reader, Marathwada University, Aurangabad; Dr. P.T. Shukla, Professor and Head, Agricultural Botany Division, G.A.U. Junagadh and Dr. R.J. Thangane, Reader, Poona University, Poona, for their valuable suggestions and advice, without holding them responsible for any shortcoming in this work.

I wish to express my gratitude to Dr. K.C. Dalal, Research Scientist, AICIP on Medicinal and Aromatic Plants, Gujarat Agricultural University, Anand, for providing me the seeds of Plantago species and some literature.

I would like to extend my grateful acknowledgement to Dr. P.K. Sharma, Senior Scientist Regional Research Laboratory, Srinagar (Kashmir) for providing me all the information regarding his own work on Plantago. Thanks are also given to Mr. M.K. Dhar, Research Scholar from Dr. A.K. Koul's laboratory, Department of Biosciences, Jammu University, Jammu, who supplied me the seeds of P. major, which grows only in Jammu and Kashmir region.

I am thankful to Dr. D.L. Dahake, Head Department of Zoology V.M.V. Amravati for providing me dark room facility.
I express my sincere thanks to my Laboratory Colleague, Prof. S.A. Vaidya, and Dr. M.A. Wahul, Department of Zoology, Institute of Science, Aurangabad for their help in photography. I am also thankful to my laboratory colleagues, Prof. Smt. N. Kingaonkar and Prof. A.J. Dixit, Head, Department of Botany, Vidya Bharati Science College, Amravati for their co-operation.

I want especially to thank my friend and colleague Dr. Smt. P.Y. Bhogaonkar for her whole-hearted help in the morphology part of my research work. I am also grateful to Dr. K.M. Kulkarni, Department of Zoology, V.M.V. Amravati for his valuable suggestions and help during thesis writing.

Sincere thanks are due to Dr. Miss T.B. Chaudhari, Department of English, V.M.V. Amravati for correcting the manuscript.

Grateful acknowledgements are also due to Mr. N.S. Pakhale, Librarian, IARI New Delhi and Mr. P.P. Deshmukh, Librarian, P.K.V. Akola for providing me library facility.

I am thankful to Dr. V.N. Gokhale, Department of philosophy, V.M.V. Amravati and Prof. V. Bhamburkar, Dean, Faculty of Science, Amravati University, Amravati for showing keen interest in the progress of this work.

I extend my cordial thanks to all my colleagues from Botany Department, V.M.V. Amravati for their co-operation and constant encouragement.

I record my heartfelt gratitude to my friends, Mrs. Veenatai and Dr. Y.S. Mashankar who tried their level best to make me stand during some major hazards of life which came across my way while completing this thesis.

In the end, I wish to acknowledge my debt to my better half Mr. H.B. Ingle., Divisional Forest Officer, Amravati and my children Vikrant and Seemantini, for all the help and co-operation rendered by them during the completion of this work.
