CONTENTS

Chapter – I
INTRODUCTION

Chapter – II
DEVELOPMENT AND VALIDATION OF ANALYTICAL PROCEDURE FOR THE ESTIMATION OF CEFTAZIDIME THROUGH NEW RP-HPLC METHOD

1. Drug profile
2. Literature survey
3. Experimental and Results
4. Summary of the Results and Conclusion
5. References

Chapter – III
DEVELOPMENT AND VALIDATION OF ANALYTICAL PROCEDURE FOR THE ESTIMATION OF DOBUTAMINE HYDROCHLORIDE THROUGH NEW RP-HPLC METHOD

1. Drug profile
2. Literature survey
3. Experimental and Results
4. Summary of the Results and Conclusion
5. References

Chapter – IV
DEVELOPMENT AND VALIDATION OF ANALYTICAL PROCEDURE FOR THE ESTIMATION OF EFAVIRENZ THROUGH NEW RP-HPLC METHOD

1. Drug profile
2. Literature survey
3. Experimental and Results
4. Summary of the Results and Conclusion

5. References

Chapter – V
DEVELOPMENT AND VALIDATION OF ANALYTICAL PROCEDURE FOR THE ESTIMATION OF AMPHOTERICIN B THROUGH NEW RP-HPLC METHOD

1. Drug profile
2. Literature survey
3. Experimental and Results
4. Summary of the Results and Conclusion
5. References

Chapter – VI
DEVELOPMENT AND VALIDATION OF ANALYTICAL PROCEDURE FOR THE SIMULTANEOUS ESTIMATION OF CANDESARTAN CILEXETIL AND HYDROCHLOROTHIAZIDE THROUGH NEW RP-HPLC METHOD

1. Drug profile
2. Literature survey
3. Experimental and Results
4. Summary of the Results and Conclusion
5. References

Chapter – VII
DEVELOPMENT AND VALIDATION OF ANALYTICAL PROCEDURE FOR THE SIMULTANEOUS ESTIMATION OF IRBESARTAN AND HYDROCHLOROTHIAZIDE THROUGH NEW RP-HPLC METHOD

1. Drug profile
2. Literature survey
3. Experimental and Results
4. Summary of the Results and Conclusion
5. References
Chapter – VIII
DEVELOPMENT AND VALIDATION OF ANALYTICAL PROCEDURE FOR THE SIMULTANEOUS ESTIMATION OF EFAVIRENZ, LAMIVUDINE AND ZIDOVUDINE THROUGH NEW RP-HPLC METHOD

1. Drug profile
2. Literature survey
3. Experimental and Results
4. Summary of the Results and Conclusion
5. References

Chapter – IX
DEVELOPMENT AND VALIDATION OF ANALYTICAL PROCEDURE FOR THE SIMULTANEOUS ESTIMATION OF ABACAVIR, LAMIVUDINE AND ZIDOVUDINE THROUGH NEW RP-HPLC METHOD

1. Drug profile
2. Literature survey
3. Experimental and Results
4. Summary of the Results and Conclusion
5. References

Chapter – X
SUMMARY & CONCLUSIONS
