ACKNOWLEDGEMENTS

Before we get into thick of things, I would like to take the pleasant task of adding a few heartfelt words for the people who were part of this thesis in numerous ways......people who gave unending support right from the beginning of my study.

I would like to express my indebtedness and deep sense of gratitude to my research director, Dr. M. Suryanarayana Murty, Associate Professor and Chairman P.G.B.O.S of the Department of Applied Mathematics, Nagarjuna University Post graduate Centre, Nuzvid, for suggesting the problem, and for his valuable guidance throughout the progress of research work.

The author also wishes to express his gratitude to Dr.D.R.K.Sangameswara Rao, M.A., M.Sc., D.Sc., Professor(retd.), Department of Applied Mathematics, Andhra University, Waltair, for his encouragement.

The author takes this opportunity to express his heartfelt thanks to Prof. K.N.Murthy, M.Sc., Ph.D(Department of Applied Mathematics, Andhra University, Waltair) Department of Mathematics and Computer Science, Georgia Southern University, Statesboro, Georgia, U.S.A., for his invaluable assistance, help and encouragement throughout the period of research.

I am particularly thankful to Dr.K.Panduranga Rao, Associate Professor & Head of the Department of Applied Mathematics, N.U.P.G.Centre, Nuzvid, for his constant encouragement during the period of research.

I express my sincere thanks to Prof. C. Rambabu, Special Officer, N.U.P.G.Centre, Nuzvid, for providing the necessary facilities to complete my Ph.D programme.

I fail in my duty, if I do not express gratitude to my beloved parents, but for whose untiring efforts, I could not have become what I am today.

Finally my wife Smt. B. Satyavathi deserves very special thanks for her continued patience, care, support and encouragement all through this work.
