I scarcely know how to express my sense of indebtedness to Prof. V.L. Narasimham, Department of Statistics, Nagarjuna University for his intellectual stimulation, affectionate guidance, constructive criticism and beneficial suggestions during the course of my research investigation.

This is just a little line to thank Dr. A.V. Dattatraya Rao, Reader, Department of Statistics, Nagarjuna University, for his valuable suggestions in all aspects to refine the content of this work. I am immensely thankful to him for the inspiration and much appreciated help received by me from him.

I thank the authorities of Nagarjuna University, Head, Department of Statistics, in particular, for providing all the facilities in completing this task.

This is to acknowledge with thanks the help rendered by Mr. K. Krishna Prasad and Mr. C. Kesava Babu and Sri. M. Rama Chandra Rao of Turbo Computer Services and Mr. V. Amarendra who brought the thesis shape to my manuscript.
This is indeed thank Dr. A. Vasudeva Rao, Lecturer, Dept. of Statistics, Sri M. Krishna Prasad and Sri B. Vijaya Anand, Lecturers, Department of Computer Science, Nagarjuna University who extended their help in computational aspects.

I specifically thank my sister and brother-in-law, Smt R. Rukmini and Sri. R. Raghavarao, also my brothers Mr. G.V.R.L. Prasad, Mr. S.V.Rama Krishna, younger sister Miss G.V. Rajya Lakshmi who in their own way pushed the plough through the soil thick and thin.

I thank Dr. V.G.K.M. Pispati and Dr. N.V.S. Rao, Dept. of Physics, Nagarjuna University for their help in completing this task.

Above all, I wish to express my long-standing gratitude to my parents and well wishers who always look forward to my prosperity.
