ACKNOWLEDGEMENTS

I take this opportunity to express my sincere gratitude to Dr. Amandeep Singh Marwaha, of School of Management Studies Punjabi University, Patiala for his Scholarly guidance and supervision throughout the period of study. Dr. Marwaha’s searching questions, clear vision and useful suggestion at every stage of the study helped in the critical analysis of the existing system and for developing the model for the design of management information system. I am debited to him for his guidance without which it would not have been possible to bring the study into its present form. Working under his supervision has been a great privilege for me.

I record my cordial thanks with honor to Prof. G. S Batra, Head School of Management Studies, Punjabi University, Patiala for providing necessary facilities for accomplishment of this venture.

My sincerest thankfulness is also due to Prof. A. S Chawla, Dean Academic Affairs, Punjabi University, Patiala for his encouragement, technical advices throughout the course of this study.

The towering assistance provided by my venerated teacher Dr. Vikas Singla in finalizing the research methodology is whole heartedly acknowledged.
I feel like a nonentity and void of words in expressing my gratitude for the help and determinative incentive given by my revered parents (S. Sarwan Singh and Mrs. Surinder Kaur), my wife Mrs. Naiveet Kaur, sisters Maninder Kaur, Dr Ravinder Kaur and brother in law Mr. Nandan Kumar.

Special thanks are due to all the respondents who took their valuable time and effort to fill the questionnaire. Last but not the least, I wish to set down my thanks to unfailing support of staff of School of Management Studies, Punjabi University, Patiala especially Mr. Ganesh Chand, Mrs. Jaswinder Kaur, and Mr. Acchru Goyal and not forgetting Mr. Prabhleen Singh from UCOE Department for their help in more than one way in compilation of this work.
