ACKNOWLEDGEMENT

I fail to find any word when it comes to express my gratitude to all who helped me a lot in building up this thesis to its present status. Yet I shall try.

It is with due regards that I pay my gratitude to my most respected and learned teacher and also my Guide Prof. R.C. Arofa, M.D., D.Sc., Head, Department of Medicine, M.L.B. Medical College, Jhansi for whom my reference has always been at its zenith. It was his valuable suggestions, constructive criticism and meticulous attention, all in a fatherly attitude, which played an important role in successful completion of the present work.

In no less degree I owe my sincere most thanks to my Co-guide Dr. Navnit Agarwal, M.D., Assistant Professor Department of Medicine, M.L.B. Medical College, Jhansi. With his store of unlimited knowledge and excellence in expression this work could be brought out in its present form.

With due regards, I pay my gratitude to my Co-guide Dr. (Mrs.) Sunita Arora, M.S., Associate Professor, Department of Obst. & Gynaecology, M.L.B. Medical College, Jhansi who always inspired me and helped in every possible way to achieve my target.
