ACKNOWLEDGMENT

No words of the language are proper and no ink of the universe is sufficient to express my feelings of the gratitude and reverence to my learned teacher professor P.K. Dabral MS (Ortho), Professor and Head, Department of Orthopaedics, M.L.B. Medical college, Jhansi. Under whose inspiring guidance and supervision, I had the opportunity of carrying out my work. With his constant keen interest wise counsels, valuable enlightenment. He has been an unfailing source of inspiration and encouragement. Without his valuable criticism. Concrete suggestions and meticulous attention, it would not have been possible for me to compile this work in the present form.

I am overwhelmed with reverence and high sterna when I take privilege to show my hearty gratitude to Dr. D.K. Gupta MS (Ortho) Assistant Prof. Department of Orthopaedics, M.L.B. Medical college Jhansi. It was his wise and concrete suggestions, careful and sincere criticism and direct supervision which made me finish and complete my work in present shape. I am deeply indebted to him constant support and above all his fatherly attitude under the shade of which I never felt insecure or timid. I do not find words to express my regards and respect to him whose blessing turned this task in a reality.
The present study has been a matter of great pleasure and thrill for me. With all reverence, I thank Associate Prof. R.P. Tripathi MS (Ortho) Department of Orthopaedics M.L.B. Medical College Jhansi, for his worthy patronage and excellent boost. He had been a constant source of encouragement and inspiration to me.

Dated: 

Dr. Prem Raj
