ACKNOWLEDGEMENT

First and Foremost, with humility and reverence I thank God, the Almighty without whose grace it would have not been possible for me to complete this work.

With gratitude, I acknowledge Dr.S.Rajendran, Research Supervisor, PG and Research Department of Chemistry, G.T.N. Arts College, Dindigul, for his tireless commitment, inspiring guidance and encouragement.

It is my proud privilege to record my deep sense of gratitude and profound thanks to Dr.K.N. Srinivasan, Cheif Scientist, IMF Division, CECRI, Karaikudi for his invaluable guidance, his readiness and willingness to help, encouragement and especially for the atmosphere of friendly co-operation he extended throughout the course of my research work.

My grateful thanks are to Dr. N. Markandeyan, Principal, G.T.N. Arts College, Dindigul, for providing me the necessary facilities to carry out this research programme.

I am thankful to Dr. Sathya Bama, Head, Post Graduate and Research Department of Chemistry, GTN Arts College, Dindigul for their continuous encouragement.
I wish to express my gratitude to Ms. Johnsi Rani, Former Head, Department of Chemistry, Holy Cross College, and Trichy, who stands out notably in my mind for her tireless commitment, interest and meticulous help in shaping my thesis.

My special thanks to Ms. Kavi Priya, Research Scholar of Chemistry Department, GTN Arts College, Dindigul, for their timely help and encouragement.

I gratefully acknowledge the assistance given by ICP section, CECRI, Karaikudi.

I find immense pleasure in forwarding my gratitude to Mr. Vincent, Technician, Instrumentation Centre, St. Joseph’s College (Autonomous), Tiruchirappalli for his timely help to carry out Polarisation and Ac impedance study.

I gratefully acknowledge the assistance given by Instrumentation centre, National College (Autonomous), Tiruchirappalli.

I would like to thank Amphigene Research Laboratory, Thanjavur for their timely help to carry out Preliminary Phytochemical analysis.

I am indebted to my mother, mother in law, husband, Son and all my relatives whose spontaneous help and encouragement paved the way for completion of my research.
