ACKNOWLEDGEMENT

“Golden opportunities seldom knock at ones door”

Firstly, I wish to immensely shell out my gratitude to Waheguru ji; devoid of his blessings the booming completion of this thesis would not have been possible. The successful completion of thesis is the endeavor of all the people who have helped and supported me during my research work. With immense pleasure, I take this opportunity to offer my sincere regards and deepest sense of gratitude to, Director, Indian Institute of Integrative Medicine, who accepted to accommodate me in this prestigious institute.

Language seems to be inadequate in expressing my sincere and deepest sense of gratefulness to my supervisor **Dr. Sarang Bani** whose utmost co-operation, consistent encouragement, constructive criticism, meticulous suggestions and keen interest were instrumental during the tenure of my work and proved wonderful guide during the preparation of this thesis. I would like to express my gratitude and thanks to **Dr. Surrinder Koul and Dr. P.L Sangwan** for preparation of plant materials and providing me the chemistry of plants, as and when required. It is also a pleasure to thank **Dr. S. N. Sharma**, for the proper identification and collection of desired plants.

I would like to give my sincere thanks to **Dr. B.K Chandan and Neelam Sharma** for their proper guidance. Their adroit guidance always shall be an inspiration to me.

I express my heartfelt thanks to my friends **Prashant Singh Chauhan, Mohd. Wasim, Dr. Harish Chander, Dr. Irum sehri and Romaisa Latief Misgar** who inspired me at every point of time and provided moral support to overcome every instance of difficulty during my research work.
Last but not the least, I express my inexplicable and heartfelt thanks to my loving parents, S. Mohinder Singh (Father) and Mrs. Surjeet Kour (Mother); my sister, Parvinder Kour; and my brothers Pardeep and Gagandeep whose unvarying warmth, blessings and perseverance for my slow and steady pace have been the prime support to me.

I also express my deepest gratitude to my loving husband Tarundeep Singh whose love and support at all the times is incredible shall be an encouragement all through my life.

I am also highly obliged to my Mother-in-law (Mrs. Harjinder Kour), Father-in Law (S. Isher Singh) Sister-in law (Dr. Arvinpreet Kour), Brother-in-Law (Dr. Ajaydeep Singh) and Nanaji and Nani ji who have infused into me firm will and reassurance and without their support on all occasions, this thesis would have not been completed.

I am also deeply indebted to all the animals whose lives were sacrificed during my research work. I hope that their precious lives used during the project would not be in vain. It would contribute to the development of science and technology in one or the other way.

Lastly, I am thankful to all the support services at Indian Institute of Integrative Medicine (IIIM), Jammu whose contribution remained unsolicited to my poor memory.

KIRANJEET KOUR
