ACKNOWLEDGEMENTS

To have worked under the guidance of my esteemed teacher Dr. R.C. Arora, M.D., D.Sc., Professor and Head, Department of Medicine, M.L.B. Medical College, Jhansi, shall remain the greatest fortune that the Almighty has bestowed upon me. To him, I wish to express my profound sense of gratitude and thanks. It was under his meticulous supervision that this work became a reality. His incisiveness, clarity of knowledge, warmth, compassion and his optimism shall all remain etched in my memory.

Words cannot do full justice in expressing my gratitude to Dr. Navnit Agarwal, M.D., Assistant Professor, Department of Medicine, M.L.B. Medical College, Jhansi. His continuous supervision and assistance provided the backbone to this work.

My sincere thanks are due to Dr. (Mrs.) Sunita Arora, M.S., Associate Professor, Department of Obst. & Gynaecology, M.L.B. Medical College, Jhansi who always helped me in every possible way to achieve my target.

I find myself greatly indebted to Prof. D.N. Mishra, M.D., MNAMS, FCCP, Professor of Medicine, M.L.B. Medical College, Jhansi whose academic brilliance and unswerving dedication have inspired me in becoming what I am today. In no less degree do I owe my sincere thanks
to Dr. P.K. Jain, MD, MNAMS, Assistant Professor in Medicine and Dr. Praveen Kumar, MD, DM(Card.), Assistant Professor in Cardiology, for giving me inspiration and encouragement to complete the present work.

No amount of words can express the feeling of gratitude to my parents for their moral support, love and affection, which helped me in completing the task. My thanks are also due to my sister and brother-in-law for their constant encouragement.

My friends Dr. Dinesh Gupta, MD, Senior Resident, Department of Medicine, Dr. Shalabh Kumar and Dr. Vineet Kishore Saxena, Residents in Pediatrics, who were always there to lend a helping hand inspite of their busy schedules.

Innumerable thanks to Shri Phool Chandra Sachan, who smilingly put up with all my tantrums and idiosyncracies and has painstakingly brought out this excellent manuscript.

Finally, I shall be failing in my duties, if I do not thank all the patients, who were the subjects of my work and all those unnamed persons, who were associated with this work.
