Acknowledgements

My heartfelt gratitude at the Divine Lotus Feet of my Beloved Lord Bhagawan Sri Sathya Sai Baba, without whose Grace and Blessings this thesis would not have never seen the light of the day. His invisible hand has been a constant guiding force that was felt at every stage of my life.

I am highly indebted and extremely grateful to my supervisor, Prof. K Venkataramaniyah, for his constant guidance and exceedingly scholarly expertise which helped me in enriching the quality of the research. He has been encouraging and motivating me throughout my association with him in the last seven years, with his fatherly love and care. Dear Sir, I consider it as Swami’s blessing to have you as my research guide.

Words fall short to thank Dr. Ranga Rao Kanikanti, who was with me in this journey through out with his expert suggestions and scholarly inputs, whenever I needed them the most.

I express my deep gratitude and love to my most loving family, my beloved parents, Sri Pramod Kumar Patnaik and Smt. Rashmi Patnaik, my aunt, Smt. Kalyani Patnaik, my brother, Sagar Patnaik, and sister-in-law, Sagarika Patnaik, for their unconditional love and support. Without their encouragement, it would not have been possible for me to come so far in life.

All the active pharma ingredients (drugs) were provided as gift samples or sourced by Sri Jagadeeshan, CEO of SKN Organics, Chennai. The carriers, Soluplus® and PVP were obtained as gifts from BASF, Mumbai and Gelucires were gifted by Gattefose, France. I express my sincere and heartfelt gratitude to all the companies for their generous gesture.

My colleagues from the Laboratories of Nanoscience and Nanotechnology Research, Sri Avinash Chunduri, Sri Sai Kiran Aditha, Sri Aditya Kurdekar, Smt. C. Prathibha, Dr. Suresh P, Dr. V Sivasubramaniyan and Sri Pradyumna Mulpur were always ready to lend their helping hand in my experiments and analyses and at times gave me company when my experiments ran late into the nights. Thank you, everyone for your support.

I also take this opportunity to thank Dr. Venketesh S and his team, Sri Sai Krishna S.B., Sri Sujith Kumar and Sri Aswath Narayan from the Department of Biosciences, SSSIHL, for helping and training me to do the cell culture and cytotoxicity studies. I also offer my gratitude to Dr. S.
Neeleshwar, GGIPU, Delhi and Sri S. Golwalkar CeNSE, IISc for their invaluable help in characterization of my research samples. I offer my gratitude to my teachers Prof. Dr. K. N. Sharma, Prof. Dr. M. Mukunda Rao and Dr. Mrs. Tanu (Mimani) Rattan for their expert advice and guidance. I thank all the MSc. Nanoscience students, especially Sri S. S Rajkiran and M. Sai Akilesh for their help in some of my experiments.

I would also like to thank the Head of the department, Dr. R Gowrishankar and all the faculty members and research scholars of the department of physics for their continuous encouragement and support. Sincere thanks to the Dean of Sciences, Prof. Dr. Siva Sankara Sai and the Convener, RCC, Prof. Dr. Chelli Janardhana.

My special thanks to my dear friends, Srikanth Khanna, Gopakumar K U and Pradeep Kumar Badiya for making my stay in the hostel enjoyable and fun-filled. My floor teacher, Prof. G Nageshwara Rao and my colleagues from the B-floor of the hostel, Dr. Sunil A., Dr. Shashank Shah, Renju sir, Sai Siddhardha, Prabin Pradhan, Lakshman Kumar, Rajashekhar B, Siva Kiran Gupta, Ganesh K.M. Girish T.N. and Rajbhushan Nayak have always been my earnest well-wishers. Great thanks to all of them.

During the initial stages of my research, I was new to several equipment and instruments. There were many research scholars from across the science departments who kindly shared their knowledge and expertise with me. I acknowledge here the kindness of Dr. Abhilash G, Dr. Robin Sharma, Sri Vishwanathan A and Sri Ramakrishna M.

During my stay in the hostel I was given the wonderful opportunity to take care of the 1st year undergrad students. My thanks to all the batches I have been associated with in the past four years. It was a great blessing to be with these young friends. I would like to specially thank Anirudh, Harish, Ashish, Shubham, Prashanth S.R. and M.P., Sathyanarayana, Indeever, Neelsagar, Shesha Sai, Srikant Shetty, Ajay Kumar, Harsha, Sparsh, Yogesh, Rahul, Prady, Preetam and Jatin.

I also thank all my teachers from the Sri Sathya Sai Primary school and Sri Sathya Sai Higher Secondary school for their unconditional love and support throughout my stay at Prashanti Nilayam.
I will be failing in my duty if I do not thank the administrators of Sri Sathya Sai Institute of Higher Learning for their enormous help and support. I am also thankful to Prof. Radhakrishnan Nair, Director, Sri Sathya Sai Institute of Higher Learning, Prasanthi Nilayam Campus and Pallav K Baruah, and Dr. N. Niranjan, Wardens, Sri Sathya Sai Senior Boys Hostel, Prasanthinilayam Campus for making my stay at the college and hostel comfortable.
