Acknowledgement

I thank my Supervisor Prof. Chitta Ranjan Deb and Co-Supervisor Prof. N. S. Jamir Department of Botany, Nagaland University, Lumami for their valuable suggestions, correction and above all motivating me with their constant guidance and encouragement to pursue and continue my research work despite my flaws. Without which I would have never made it this far. I am greatly indebted and I am very thankful to both my supervisors. “Thank you so much, Sir.”

I am thankful to Department of Biotechnology, Ministry of Science & Technology, Government of Biotechnology, New Delhi for financial support in the form of JRF and SRF in the DBT sponsored Research Project of Prof. Chitta Ranjan Deb.

I would also like to extend my gratitude to all those who have helped and guided me in various ways during my course of research work:

The Honorable Vice Chancellor, Nagaland University and Dean, School of Sciences, Nagaland University for the facilities provided to complete my research work.

The Head, Department of Botany, Nagaland University for rendering help in various forms and for providing all the requisite facilities for my research work.

Dr. Talijungla, Dr. Limasenla, Dr. Sanjoy Kumar, Dr. Neizo Puro, Dr. Romeo Singh, Faculties, Department of Botany for their encouragement and helps.

All non-teaching staff of the Department for their helps.

My friends and fellow research scholars who helped me in various ways and means.

My field guides and other people for their valuable helped during my field trips. Without their help, I would have not been able to complete my collection and field works.

Mr. Limasemba research scholar for his valuable help rendered during my field trips and his constant encouragement.

My family members for their constant encouragement, support and prayer throughout my research period and also in all walks of my life.

Above all I thank Almighty God for the health, guidance and love in completing my quest.

(Sakutemsu L. Jamir)
