

### LIST OF FIGURES

| FIGURE No. | DESCRIPTION  | Page No. |
|------------|--|----------|
| 4.1        | Interaction effect $A \times B \times C$ for concentration (CO)                | 83       |
| 4.2        | Interaction effect $A \times B$ for Planning of subject (SP)                   | 83       |
| 4.3        | Interaction effect $A \times B \times C$ for Planning of subject (SP)          | 83       |
| 4.4        | Interaction effect $A \times B$ for preparation of examination (PE)            | 88       |
| 4.5        | Interaction effect $B \times C$ for preparation of Examination (PE)            | 88       |
| 4.6        | Interaction effect $C \times D$ for Preparation of examination (PE)            | 88       |
| 4.7        | Interaction effect $A \times B$ for school /college environment (SA)           | 88       |
| 4.8        | Interaction effect $A \times C \times D$ for school /college environment (SA)  | 88       |
| 4.9        | Interaction effect $A \times B$ for reading and notes taking (RN)              | 97       |
| 4.10       | Interaction effect $A \times B$ for family problems (A)                        | 97       |
| 4.11       | Interaction effect $B \times C$ for family problems (A)                        | 97       |
| 4.12       | Interaction effect $A \times B$ for school /college problems (B)               | 97       |
| 4.13       | Interaction effect $A \times B$ for social problems (C)                        | 103      |
| 4.14       | Interaction effect $A \times B$ for personal problems and oversensitivity (D)  | 103      |
| 4.15       | Interaction effect $A \times C$ for personal problems and over sensitivity (D) | 103      |
