ACKNOWLEDGMENTS

Praise be to Almighty Allah who guided and gave me the energy to finish this thesis.

I wish to express my gratitude to Dr. Meer Yaseen Ali Khan for undertaking to supervise this thesis. I thank him for his support and guidance throughout the course of this thesis.

I am sincerely grateful to Dr. V. B. Gaikwad, Principal K. T. H. M. College Nasik, and Dean of Faculty of Science; Dr. M. M Shikare, Head, Department of Mathematics and all members of the Department for providing me their valuable help during the course of this work.

I owe a debt of gratitude to Dr. Ali Mothanna Saleh Al-Qatif Central Hospital, Dammam, K. S. A, Dr. Anwar Qaed Musad, Dr. Ahmed Hadi, Dr. Abduslam Al-Faqee and Dr. Mohammed Al-Faqee. Althawra Hospital, Sna’a, Yemen, who have helped me in understanding the concepts of physiology, background and a variety of ways. I am thankful to them.

Also I am thankful to all friends in India who encouraged me.

This acknowledgment would never be completed without a reference to my wife, my children and all family members who shared all my burdens and worries over the years and were a constant source of encouragement to me.
