## CERTIFICATE

---

This is to certify that the work embodied in this thesis entitled “**Identification of nitric oxide synthase interacting proteins and their role in neutrophil extracellular trap formation**” has been carried out by **Mr. Anupam Jyoti**, M. Sc. (Ag) Molecular Biology and Biotechnology for the award of Doctor of Philosophy under my supervision and guidance. The work included in this thesis unless otherwise stated, is original and has not been submitted for any other degree of any university.

It is further certified that **Mr. Anupam Jyoti** has fulfilled the conditions laid down under the ordinance for the Doctor of Philosophy by Jawaharlal Nehru University, New Delhi.

**Manoj Kumar Barthwal**  
**(Co-Supervisor)**
