ACKNOWLEDGEMENTS

It is with high regards and profound respect I owe a deep sense of sincere gratitude to my supervisor Dr. M. Lakshmi Kantam, Deputy Director, Head, Inorganic and Physical Chemistry Division, Indian Institute of Chemical Technology, Hyderabad, for her stimulating guidance, persistent inspiration and extending all the support as and when needed throughout my doctoral research.

Equally I acknowledge my close association with Dr. B.M. Choudary, FNA, S. S. Bhatnagar laureate, for his interest throughout every aspect of my work. I am highly indebted for his valuable suggestions and paintaking efforts in teaching me several things.

I take this opportunity to thank the director Dr. J.S. Yadav, IICT for providing sophisticated laboratory facilities and the Council of Scientific and Industrial Research (CSIR), Government of India for financial support. I express my sincere thanks to Mrs. C.B. Lakshmi, Head, RMA.

I pay rich tribute to Prof. B. Syama Sundar, Head, Department of Chemistry, Prof. P. V. V. Satyanarayana and other faculty of Acharya Nagarjuna University, Nagarjuna Nagar, Gunter, for giving opportunity of my Ph. D programme in the University.

I am thankful to Dr. A. C. Kunwar and his group their kind helps in recording NMR spectra and Dr. M. Viramani, and his group for providing Mass spectra. I acknowledge the help received from Analytical, Stores, Library, Glass Blowing sections and all other departments of IICT.

My sincere thanks are due to Dr. K. Jeeva Ratnam for his very valuable suggestions and constant help, Dr. M. Mohan Rao, Dr. K. Rajender Reddy, Dr. M. Chandrasekharam, Dr. B. Sridhar, Dr. B. R. C. Reddy, Dr. A. Srinivas Rao, Dr. K. Vijaya kumar, Dr. K. V. Ram Prasad, Dr. Rajiv Trivedi, , Dr. G. Sarala Devi, Dr. H. Maheshwaran, Dr. P. R. Likhar, Dr. K. Bhanuprakash, Mrs. V. Swapna and eminent scientists from IICT, Hyderabad for their constant help and valuable scientific discussions. I thank Mr. A.V. Srihari, Mr. T. Jayaraj, Mr. Gopala Krishna, Balraj, Ashok, Swadeep, Narender and Narsingh for extending the helping hand whenever required during my research.
My sincere thanks to my seniors Dr. K. V. S. Ranganath, Dr. B. P. C. Rao, Dr. A. Ravindra, Dr. G. Gopi Krishna, Dr. K. Mahender, Dr. B. Veda Prakash, Dr. N. Sailendra Kumar, Dr. Ujjwal Pal, Dr. Ch. V. Rajashekar, Dr. V. Swarna Jaya, Dr. B. Neelima, Dr. K. B. Siva Kumar, Dr. Rajgopal, Dr. Ravi Teja, for their constant help and valuable suggestions throughout my doctoral research.

I wish to thank my friends V. N. V. Srinivas, G. Srijari, M. Narasimhulu, B. R. V. Prasad, Y. Gangadhar, Ch. Suresh, K. T. Venkat, Dr. K. Venkateswarlu, Dr. Seshu Babu, Dr. P. Nagaraju, Nagaraju, B. Sateesh, G. Satish, K. Srinivas Reddy, M. K. Patil, Dr. Pavan Kumar, and others for their constant encouragement.

I feel a deep sense of gratitude for my father N. Venkateswarlu, my mother N. B. S. Lakshmi, my paternal uncle N. Satyanarayana, my brother N. Rambabu, , my sister K. Visalakshi, my brother-in-law K. Prasada Rao, my niece K. Haripriya, my nephew K. Srikar, my father-in-law K. B. S. Sarma, my mother-in-law K. S. Lakshmi and my brother-in-law K. Phani Kumar for their constant support. I wish to thank my wife N. Sudha, who was the source of constant encouragement and inspiration.

Once again I thank all named and unnamed who have been associated during my part of research work.

Subrahmanya Sekhar Nujilla
