

ACKNOWLEDGEMENTS

I am highly grateful to “Almighty Allah”, the sustainer and the supreme, “who taught the use of pen” and taught Man which he knew not” for his diverse favours and blessings, without which it would have not been possible for me to advance in life and reach to this point in my career.

*I would like to express my heartfelt gratitude to my supervisor **Dr. Inamudin**, Assistant Professor, Department of Applied Chemistry, Aligarh Muslim University, Aligarh, for his guidance, necessary suggestions, constant encouragement and generous support and it is only because of his vast knowledge, understanding, patience and valuable advice that this work has reached its completion.*

*I am grateful to **Prof. R.A.K. Rao**, Chairman, Department of Applied Chemistry, for all the research facilities provided to me during the tenure of my research work. My sincere thanks to **Prof. Ali Mohammad** for the encouragement and valuable advice during the course of my work. I appreciate and thank the faculty members and the non teaching staff of the department for their cooperation.*

*Special thanks are due to **Tauseef Ahmad, Altaf Ahmad, Late Sardar Hussain, Syed Sibte Asghar Abidi, Dr. Jeenat Aslam, Ruby Aslam and Rizwana Mobin** who were always there for me and provided constant support during this period. My stay at A.M.U. during all these years has been particularly fascinating, and it gives me immense pleasure to remember all those who made this stay a memorable one. The list is long but **Beenish, Dr. Aiman Ahmad, Sufia-ul-Haque, Faisal Umar and Ruma Perveen** will be remembered as the best among all laboratory colleagues. I*

*have thoroughly enjoyed working with them. I would also like to thank to my friends **Wajid Ali, Sharique Ahmad, Javaid Shabir, MD Samim Hassan, Afroz Aslam, Saman Zehra, Adil Sultan, Ruman Alam and Rizwan** for their support during the tenure of my work,*

*Of course no acknowledgements would be complete without giving thanks to my family. I would like to thank my brothers **Faik Athar Khan and Amir Khan** for their warmth, encouragements and cooperation. They have been a constant source of inspiration and motivation for me and have always spurred me towards excellence. I would also like to extend my thanks to my sister in law **Ruby**, uncle **Anwar Khan**, cousins **Taukeer Khan, Late Sarfraz Khan and Mursleem Khan** for their constant support and for providing joyful moments when the spirits were low during this journey.*

*Finally I don't find sufficient words to thank my parents **Mr. Akbar Khan and Mrs. Fatma** for their unconditional love, support and guidance at every stage of my life. They have been there for me even when I didn't know anything about the world and myself. They've taught me hard work, self-respect, about persistence and how to be independent. Without their sincere love, prayers and encouragement, it would have not been possible for me to complete this work successfully.*
