

ACKNOWLEDGEMENT

With deep appreciation, reverence and sincere gratitude, I express my thanks to my guide, **Prof. A. Srinivasa Rao**, M.Sc., Ph.D (Maryland, U.S.A), Professor and Head of the department, Raman School of Physics, Pondicherry University, JIPMER Campus, Pondicherry, INDIA, for suggesting the problems, invaluable guidance, affectionate advice and encouragement. It is a great pleasure to acknowledge here, his invaluable suggestions, dedicated persistence, constructive criticism and advice at every stage of the present study.

I take this opportunity to convey my gratitude to the Department of Science and Technology (DST), Pondicherry University and Council of Scientific and Industrial Research (CSIR) for providing financial assistance to carry out the research work.

I am highly thankful to Dr. B. Krishnan, Dr. T.K. Nambinarayanan and Dr. K. Srinivasa Manja of Raman School of Physics, Pondicherry University, Pondicherry for their timely help and useful discussions.

My thanks are due to the Director, Heads of the department of Surgery, Pathology, Bio-chemistry and Central Library of Jawaharlal Institute of Post graduate and Medical Research (JIPMER), Pondicherry for providing tissue samples and other facilities.

I express my sincere and heartfelt thanks to Prof. K. Rajagopal and Prof. P.C. Srinivasan Department of Organic Chemistry, University of Madras, Madras for extending NMR facilities to record NMR spectra. I also thank to Prof. M. Udyachandar, Department of Bio-chemistry, Cancer Institute Adyar, Madras for providing necessary training to induce cancer in animal models.

My thanks are also due to Sri.N.Govindaraju, Miss.B.Grija, JIPMER and Sri. Paul Robert, Sri.M.Karunanithy, Raman School of Physics for their laboratory assistance.

Finally, I wish to express my gratitude to my colleagues of this department for their kind co-operation and encouragement through out my research work.

V.ARULMOZHI
