ACKNOWLEDGEMENT

It is my pleasure to acknowledge my indebtedness to all who guided, assisted and contributed their time and support to make this thesis possible.

I would like to thank my supervisor Dr Harina P. Waghmare, Assistant Professor, Department of Mathematics, Bangalore University, Bangalore, for the encouragement and advice she has provided throughout my time as her student.

I am happy to express my sincere thanks to Prof Pradeep G. Siddeshwar, Chairman, Department of Mathematics, Bangalore University, Bangalore, for his support and encouragement during the course of my research work.

I will be forever thankful to Prof Subhas S. Bhoosnurmath, Honorary Professor and P.I.-DST Project, P.G. Department of studies in Mathematics, Karnataka University, Dharwad, who encouraged and expected us to think more independently about our research results. The deep and enlightening insights provided by him have been very useful for my research.

I would like to express my deep gratitude and respect to Dr Y.B. Maralabhavi, Retired Professor, Department of Mathematics, Bangalore University, Bangalore, for his continuous help and valuable guidance without which it would have been impossible to complete research work. I am indebted to him for his help.

I also extend my gratitude to Prof I.S. Shivakumar, Prof M.S. Mahadeva Naika, Dr H.G.Nagaraj, Dr Medha Itagi Huilgol and Dr Ramesh R. Kundanatti for their encouragement and support which helped to make the best of my potential during research.

Completing this work would have been all the more difficult were it not the support and friendship provided by my research colleagues Mrs Shilpa N., Mrs Sangeetha Anand, Mr Syed Asif ulla S., Mrs Chitra, Mrs Savitri Shashidhar. I also thank Dr Veena L.Pujari, Vijaya College and Dr Smita Kabbur who helped me in solving the problems in my research studies and Dr Chadankumar S. for helping me while typing thesis in Latex.
I express my heartfelt gratefulness to my mother Smt Savitri, father Sri Adaviswamy, Sister A. Akshaya and Scooby. I know I always have my family to count on when times are rough and who experienced all of the ups and downs of my research. Once again I express my wholehearted thanks for believing in me, for their supports in my decisions and giving me strength to chase my dreams. A special thanks to my beloved dog Scooby who used to sit with me late nights so that I could complete my research work early.

Finally, I would like to thank god for always being there for me.

Ms A. Tanuja
