Contents

0.1 INTRODUCTION .................................................. 2
0.2 PRELIMINARIES .................................................. 9
0.3 DEFINITIONS ..................................................... 9

1 UNIQUENESS OF ENTIRE AND MEROMORPHIC FUNCTIONS CONCERNING DIFFERENTIAL POLYNOMIALS AND SHARING VALUES 14
1.1 A UNICITY THEOREM FOR ENTIRE AND MEROMORPHIC FUNCTIONS CONCERNING DIFFERENTIAL POLYNOMIALS ............ 15
1.1.1 INTRODUCTION AND RESULTS ............................. 15
1.1.2 LEMMAS ....................................................... 16
1.1.3 STATEMENT AND PROOF OF MAIN RESULTS ............ 18
1.2 UNIQUENESS OF MEROMORPHIC FUNCTIONS WHOSE CERTAIN DIFFERENTIAL POLYNOMIALS HAVE TWO PSEUDO COMMON VALUES .................................................. 22
1.2.1 INTRODUCTION AND RESULTS ............................. 22
1.2.2 LEMMAS ....................................................... 25
1.2.3 STATEMENT AND PROOF OF MAIN RESULTS ............ 28
1.2.4 REMARKS ....................................................... 32

2 VALUE SHARING OF ENTIRE AND MEROMORPHIC FUNCTIONS 33
2.1 UNIQUENESS AND VALUE-SHARING OF MEROMORPHIC FUNCTIONS ............................................. 34
  2.1.1 INTRODUCTION AND RESULTS .......................................................... 34
  2.1.2 LEMMAS ............................................................................. 35
  2.1.3 STATEMENT AND PROOF OF MAIN RESULTS ........................................ 38
2.2 VALUE SHARING OF MEROMORPHIC FUNCTIONS ...................................................... 43
  2.2.1 INTRODUCTION AND RESULTS .......................................................... 43
  2.2.2 LEMMAS ............................................................................. 45
  2.2.3 STATEMENT AND PROOF OF MAIN RESULTS ........................................ 53
2.3 UNIQUENESS AND VALUE-SHARING OF ENTIRE AND MEROMORPHIC FUNCTIONS .............. 60
  2.3.1 INTRODUCTION AND RESULTS .......................................................... 60
  2.3.2 LEMMAS ............................................................................. 62
  2.3.3 STATEMENT AND PROOF OF MAIN RESULTS ........................................ 64
  2.3.4 REMARKS ............................................................................ 67

3 FIXED - POINTS AND WEIGHTED SHARING OF DIFFERENTIAL POLYNOMIALS .................. 69
  3.1 FIXED - POINTS AND UNIQUENESS OF ENTIRE AND MEROMORPHIC FUNCTIONS ............ 70
    3.1.1 INTRODUCTION AND RESULTS .......................................................... 70
    3.1.2 LEMMAS ............................................................................. 71
    3.1.3 STATEMENT AND PROOF OF MAIN RESULTS ........................................ 74
    3.1.4 REMARKS ............................................................................ 77
  3.2 WEIGHTED SHARING AND UNIQUENESS OF MEROMORPHIC FUNCTIONS ..................... 78
    3.2.1 INTRODUCTION AND RESULTS .......................................................... 78
    3.2.2 LEMMAS ............................................................................. 80
4  UNIQUENESS RESULTS FOR A NONLINEAR DIFFERENTIAL POLYNOMIALS  92
   4.1  UNIQUENESS OF ENTIRE AND MEROMORPHIC FUNCTIONS WITH THEIR NONLINEAR DIFFERENTIAL POLYNOMIALS  93
   4.1.1  INTRODUCTION AND RESULTS  93
   4.1.2  LEMMAS  93
   4.1.3  STATEMENT AND PROOF OF MAIN RESULTS  98
   4.2  A UNIQUENESS RESULT RELATED TO CERTAIN NON-LINEAR DIFFERENTIAL POLYNOMIALS  100
   4.2.1  INTRODUCTION AND RESULTS  100
   4.2.2  LEMMAS  101
   4.2.3  STATEMENT AND PROOF OF MAIN RESULTS  101
   4.2.4  REMARKS  104

5  SOME RESULTS ON NONLINEAR DIFFERENTIAL POLYNOMIALS SHARING A SMALL FUNCTION  105
   5.1  NONLINEAR DIFFERENTIAL POLYNOMIALS SHARING SMALL FUNCTION  106
   5.1.1  INTRODUCTION, DEFINITIONS AND RESULTS  106
   5.1.2  LEMMAS  111
   5.1.3  STATEMENT AND PROOF OF MAIN RESULTS  122
   5.2  UNIQUENESS OF MEROMORPHIC FUNCTIONS WITH THEIR NONLINEAR DIFFERENTIAL POLYNOMIALS SHARE A SMALL FUNCTION  126
   5.2.1  INTRODUCTION AND RESULTS  126
   5.2.2  LEMMAS  127
5.2.3 STATEMENT AND PROOF OF MAIN RESULTS ............ 132

6 UNIQUENESS OF DIFFERENCE POLYNOMIALS OF MEROMORPHIC
FUNCTIONS ........................................... 136

6.1 INTRODUCTION AND RESULTS .......................... 137

6.2 LEMMAS ............................................. 138

6.3 STATEMENT AND PROOF OF MAIN RESULTS ............. 143

BIBLIOGRAPHY ........................................... 156
