ACKNOWLEDGEMENTS

The satisfaction and euphoria that accompany the successful completion of task would be incomplete without the mention of the people whose constant guidance and encouragement crowned my efforts with success.

I express my deep sense of gratitude and heartfelt appreciation to my esteemed guide, Prof. Dr. I. S. Shivakumara, F.N.A.Sc., Department of Mathematics, Bangalore University, Bangalore for his inspiration, able guidance and suggestions at every stage of my research work. His keen interest and deep involvement were of constant encouragement throughout the course of my research work which helped me in completing the thesis.

It is a great privilege to acknowledge my deep sense of gratitude to Prof. N. Rudraiah, F.N.A., F.N.A.Sc., F.A.Sc., F.I.M.A (U.K), Former Vice-Chancellor, Gulbarga University, Gulbarga, for his inspiring and enlightening discussion throughout my Ph. D work. His critical comments, suggestions and sustained interest were invaluable. I am greatly indebted to him for his help.

I acknowledge with thanks the encouragement and kind co-operation received from Prof. Dr. Pradeep G. Siddheshwar, Chairman, Department of Mathematics, Bangalore University, Bangalore.

I wish to express my sincere gratitude to Prof. Dr. G. Ranganna, Prof. Dr. M. Venkatachalappa, Prof. Dr. Y. B. Maralabhavi, Prof. Dr. P. M. Balagondar and Dr. Ramesh B. Kudenatti, Department of Mathematics, Bangalore University, Bangalore for their encouragement and personal interest shown in my academic endeavors.
I am highly thankful to the Management, PKM Educational Trust, Prof. Dr. M. K. Muralidhara, Principal, R. R. Institute of technology, Chikkabanavara, Bangalore-90, Prof. R. Ravikumara, Head of the Department of Mathematics and to all colleagues for their invaluable assistance, encouragement and moral support.

I extend my heartfelt thanks to Dhananjaya, Shankar, Naveen Kumar, Gangadhar Reddy, Mallika, Shreenivas, Alka Bhat, Shilpa, Divya, Prakash, Sujatha, Asif, Gopalakrishna and research colleagues in the Department of Mathematics, Bangalore University, Bangalore for their co-operation, personal association and affection.

I will ever remember Smt. R. Pushpa Shivakumara with gratitude for her help and timely advice to speed up my research work.

I express my sincere thanks to my beloved grandparents Annarao and Mahadevi, parents Mahadevappa and Mallamma and family members, brother Arunkumar his wife Siddamma, brother-in laws, Sharanbasappa, Shivakumara, Santoshkumar and Co-sisters Madhu, Sridevi, Pooja, and my sweet nephews Vishwa, Channabasava and Shresta whose interests, curiosity and support were my encouragement. I am grateful to all the people who have been instrumental in the completion of this dissertation, a dissertation that has taught me invaluable things in a brief span of time. I remember all my well-wishers who have been a part of my learning.

Last but not least, I would like to express gratitude to my husband Mr. Mallikarjun and my daughter Chi. Shrusti M for their sense of sacrifice and kind co-operation which helped me to complete my research work.

M. AKKANAGAMMA
