Acknowledgements

First and above all, I praise God and my beloved parents by the grace of whom I reached the stage of completion of my Ph.D. almighty for providing me this opportunity and granting me the capability to proceed successfully.

At this moment of accomplishment, first of all I pay homage to my guide, Dr.V.P.Rathod, Professor, Department of Mathematics, Gulbarga University, Kalaburagi. This work would not have been possible without his guidance, support and encouragement. Under his guidance I successfully overcame many difficulties and learned a lot. I can’t forget him hard times. Sir used to review my thesis progress, give his valuable suggestions and made corrections. His unflinching courage and conviction will always inspire me, and I hope to continue to work with his noble thoughts. I can only say a proper thanks to him thought to future work. It is to him that I dedicate this work.

A special debt of gratitude is owed to Dr. Vandana. Rathod, Professor, Department of Microbiology, Gulbarga University, Kalaburagi for her help and encouragement, meticulous care during my research work.

I am also deeply thankful to Dr. S. N. Gaikwad, Professor and Chairman Department of Mathematics for providing access to facilities that ensured successful completion of my work.

I am also grateful to my Prof. M.H. Muddebihal, Prof. Subhas Abel, Prof. C. Sulochana, Prof. N. B. Naduvinamani, Prof. J. Prathap Kumar and Prof. J. C. Umavathi, in the Department of Mathematics, Gulbarga University, Gulbarga for their suggestions and cooperation.
I thank the staff members of the Gulbarga University Library, Gulbarga for their kind cooperation and help during my research work. I also record my sincere thanks to all the teaching and non-teaching staff of Department of Mathematics Gulbarga University, Kalburgi.

I wish to acknowledge an everlasting depth of gratitude to my husband, Yallalinga Algoodkar. Without his blessing and encouragement it would have been impossible for me to complete my research work.

I would also like to thank all my family members for the support they provided me through my entire life and in particular, I must acknowledge my husband and best friend, without whose love, encouragement and editing assistance, I would not have finished this thesis.

I would never been able to stand totally without the continuous support and generous help of my brothers Satish and Umesh Birapur and sister in-law Mala Birapur. Always there cheering me up and stood by me through the good times and bad.

I would also like to thank my brother in law Dr. Sharanabasappa Algoodkar, Dr. Varalaxmi, Nagaraj, Manjula their necessary advice and constant motivation which helped to complete this work in time.

Finally, a special Expression of gratitude is reserved to thank Laxmi Biradar, who as a good friend was always willing to help and give her best suggestions. It would have been a lonely lab without her. My research would not have been possible without her help.

A special Expression of gratitude is reserved to Dr Asha Kotnurkr Assistant Professor of Mathematics, Karnataka University, Dharwad, Dr Mahadev, Pallavi Kulkarni, N.G. Sridar, Rasheeda Parveen, Ravi, Sanjeevkumar, Navarang for their
fruitful discussion encouragement and cooperation. I shared my memorable moments during the research work for their encouragement and timely help.

I am also thankful to all the research scholars of the department for their cooperation and help.

Last but not the least, I would like to thank all my family members, friends and special thanks to my parents Smt. Shantamma and Sri. Tuljappa Birapur, for giving birth to me at the first place and supporting me spiritually throughout my life.
