Acknowledgement

It is a pleasure to thank all people who have helped and inspired me during my doctoral study.

I would like to express my sincere gratitude to my esteemed guide, Dr. Pawan Garga, whose encouragement, guidance and support from the initial to the final level enabled me to develop an understanding of the subject. I am heartily thankful to him for his patience, motivation, enthusiasm, and immense knowledge. His guidance helped me in all the time of research and writing of this thesis. Throughout my thesis-writing period, he provided encouragement, sound advice, good teaching, good company, and lots of good ideas. I could not have imagined having a better advisor and mentor for my Ph.D study.

Besides my advisor, I would like to thank the Professors of Management department Dr. Suresh Kumar, Dr. C.L. Chandan, Dr. Yashwant Gupta, Dr. Sadhana Mahajan, Dr. Deepak Sood, Dr. Pramod Sharma, Dr. Jai Singh Parmar, Dr. Shyam Lal Kaushal, and Dr. Dinesh Kumar for their encouragement, insightful comments, and hard questions.

I thank my friends and colleagues Mr. Giri Prakash Sharma, Mr. Ashish Nag, Mr. Anil Saunkhala, Mr. Anand Gautam, Mr. Vipin Kaushal, Mr. Sunil Parmar and Ms. Nisha Thakur for the stimulating discussions, for the sleepless nights we were working together before deadlines, and for all the fun we have had in the last four years. In particular, I am grateful to Dr. A.K. Tiwari, Dr. Bhawna Bhardwaj and Dr. Pyare Lal Verma, for enlightening me the first glance of research. Their help is highly appreciated in the early stages of the review process, statistical analysis and tireless sourcing of material throughout.

I benefited from the expertise and support of Dr. Jaywanti Dimri and Dr. Sonia Chadha in all aspects of literature sourcing. Their direction was particularly valuable in improving the language of the document.

I want to thank Mr. Yashpal Azad who helped me a lot on searching information in the database and taught me how to filter irrelevant information.

My deepest gratitude goes to my family for their unflagging love and support throughout my life; this dissertation is simply impossible without them. I
am indebted to my father, Mr. Amar Singh Negi, for his care and love. I cannot ask for more from my mother, Smt. Dhanwanti Devi, as she is simply perfect. I have no suitable word that can fully describe her everlasting love to me. I feel proud of my brothers, Mr. Ravinder Singh Negi and Mr. Mohan Singh Negi, for their talents. They have been a role model for me to follow unconsciously when I was a teenager and have always been my best counselors. I wish to thank my wife Ms Karuna Negi for providing a loving environment for me and assisting me in many ways. My son, Arnav Negi who has always been a source of joy, deserves a special mention.

Lastly, I offer my regards and blessings to all of those who supported me in any respect during the completion of the project.
