It is indeed my most pleasant duty and privilege to place on record my sincerest thanks and gratitude to my revered teacher and guide Dr. K.C. Malhotra, F.R.I.C. (London), F.N.A.Sc., Professor and Head, Department of Chemistry, Himachal Pradesh University, Shimla, for his being a constant source of inspiration and encouragement, his sagacious and invaluable guidance and fruitful suggestions for enabling me to accomplish the present work. It is in fact my good luck to have a guide of such a great eminence, high calibre and rare merits.

Thanks are also due to Dr. S.C. Chaudhry for his kind cooperation.

I am also thankful to Prof. I.S. Ahuja of Banaras Hindu University, Prof. S.A.A. Zaidi of A.M.U. and Prof. M.L. Lakhanpaul of Chemistry Department, Panjab University, Chandigarh, for providing necessary laboratory facilities for infrared spectral studies.

Sincere thanks are also due to my laboratory mates for kind cooperation.

Thanks are also due to Miss Bali, my colleague in Govt. College for Boys, Shimla for her constant inspiration.
In the end, I express my indebtedness to my parents and my husband, Mr. Arun Mahajan, for their being a constant source of encouragement to me for accomplishing this project.
