ACKNOWLEDGEMENT

The author welcomes the opportunity to record his respectful thanks to the mentor, Dr. R.K. Samal, Ph.D., D.Sc., department of Chemistry, Ravenshaw College, Cuttack for his blessings, unstinted help, guidance and day to day supervision throughout the investigation.

The author is highly indebted to the authorities of Stewart Science College, Cuttack for providing necessary laboratory and library facilities. Special thanks goes to Prof. N.B. Banerjee, Ex-Principal of Stewart Science College, Cuttack for his constant encouragement, inspiration and parental behaviour in this respect which has enabled me to execute this work.

The author also wish to thank U.G.C., New Delhi for providing partial financial assistance.
