ACKNOWLEDGEMENT

At the outset, I bow my head before “ALLAH” Almighty; the Lord of the worlds who endowed me with the enough vehemence to complete the task. Words are not enough to praise and thank for all the things given.

My endeavors are of no worth without remembering the great founder of my Alma Mater, Sir Syed Ahmad Khan (R.A) of whose indebtor the every successful steps of my career would be ever.

I am thankful to my esteemed teacher & supervisor Dr. Riyazuddeen, Associate Professor, Dept. of Chemistry, AMU, Aligarh. I feel short of words to acknowledge his systematic and research approach blended with constructive criticisms and innovative ideas that helped me to understand the basics of the research and to overcome many experimental hurdles. I am gratuitous for his orgiastic interests and incessant support and could say that the present research venture has been possible due to his able guidance.

I am thankful to The Chairman, Dept. of Chemistry Prof. Zafar Ahmad Siddiqi for providing me the necessary research facilities.

I feel the incredible blessings of my grandmother Late Mrs. Haseen Bano Usmani who always gave me reason to look the positive side towards every development of my life.

My Vocabulary comes to a standstill just to find the words to thank my parents Mrs. Shabnam Usmani and Mr. Abdul Hafeez Usmani for their passion, carriage, unrelenting support and blessings which made me to follow, chase and acquire my dreams. They always gave me the freedom of decision making and to think independently. I believe they are ever best and wonderful parents the world has witnessed.

My special thanks to Mujahida Usmani for her love, care and support and for all her benevolence and sacrifices. Her affection and encouragements in the sluggish times and cumbersome days of my research work can never be forgotten by me.
I acknowledge the most valuable and humble gratitude to my loving and caring sisters Lubna Usmani, Amna Usmani who are my proud and my lovely brothers Fazil Usmani and Asim Usmani who are my confidence, at this juncture.

I can never neglect to remember my younger brother Late Mohsin Usmani who is not present in this mundane world but I still can feel the warmth of his graceful person.

I feel honored to thank my Phupha Mr. Zaheenuddin Usmani and Phuppi Mrs. Mumtaz Usmani who being the constant source of inspiration always provided me emotional and moral support and their sons Ameen Uddin and Imran Uddin also deserves special thanks for being always standing ready for me.

I would like to thank my Lab mates Imran Khan, Tausif Altamash, Sadaf Afrin, Umama Gazal and Jamal Akhter Siddiqui who helped me at every step of my research work.

I have no words to express the gratitude to my family relatives Mr. Abdul Shafeeq, Mr. Khalid Ali, Late Mr. Mushahid Ali, Mr. Arif Ali, Mr. Nazim Ali, Mrs. Kursheed, Mrs. Kamar, Mrs. Farhat who being the constant source of inspiration always provided me emotional and moral support during my whole research work.

The deepest chamber of my heart goes ecstatic to show my ovation to my pals & peers.

First of all I wish to give special thanks to my dearest friends Sahab Shabbir and Moin A. Khan whose constant prayers and ardent supports helped me to fulfill this ambition.

I thank hereby all my friends and colleagues for filling my life with the colors of joy, proudly naming them- Rais Ahmad, Ashiq Ali, Irshad Ahmad, Mahdi, Javed Ahmad, Sarfaraz, Tahir, Raza Rasool, Ishaat and all friends from my home town Sambhal.

I am also thankful to the UGC, New Delhi for providing financial support during my research work.

Last but not the least, I here by declares that all the omissions and commissions in the present research thesis are purely of my discretion.
