Acknowledgement

Preeminently, I believe myself fortunate enough to have Dr. Subrata Kumar Panda as a supervisor. I would like to thank him for his invaluable guidance, continuous encouragement and thoughtfulness towards the accomplishment of my Ph.D. work. It has been my contentment to have him as a guide, exemplar, friend and mentor. His suggestions and advice have been a precious teaching for my work and my life. I will admire his indispensable help for the rest of my life.

It is my duty to record my sincere thanks and heartfelt gratitude to Prof. A. K. Sahoo, Dean, School of Mechanical Engineering, KIIT University, Bhubaneswar, for support, encouragement and blessings during the course of this work.

I wish to express my thankfulness to Prof. Sushanta Tripathy, Programme Head (Ph.D.) for his invaluable support, comments and thoughtfulness throughout the dissertation work.

I would also like to take this opportunity to thank the members of the Research Scrutiny Committee Prof. B. C. Routara and Prof. R. R. Das of School of Mechanical Engineering, KIIT University for their valuable suggestions during the progress of this work.

A special thanks to my friend Mr. Vishesh Ranjan Kar for his understanding, patience and extending helping hand during the intricate stages of formulation and coding. I heartily believe that the accomplishment of this work would not have been possible without his friendship.

I am very much thankful to my University and Department for providing me all necessary assistance in the form of computing facility for research as well as guidance.

I dedicate this thesis, with love and appreciation, to my mother, father, elder brothers and sisters, for their unconditional love, unwavering support and understanding; without which I certainly would have never been able to complete this journey.
I acknowledge with thanks my wife, son Tusya Satchit, Pooja, Preety, Guddu, Mikan, Yashu, brother-in-laws and expressly Niharika Madam, for their timely help, care, love and appreciation without which the thesis could not have reached the present form. Lastly but certainly not the least, I would like to express my special appreciation to my friend Sanjukta for believing in me and encouraging me through the tough times.

Above all, I would like to thank almighty Lord Hanuman for his continued blessings that have helped me to complete this work successfully.
