Words could not be found to convey the deep gratitude and debt to Dr. H. J. Ghosh Roy, my supervisor and Guru. The “Shloka” above, may to some extent express my gratitude for his continued help and guidance through this academic endeavor.

I am grateful to those who have helped me in compiling the matter for this study. While I take this opportunity to thank all of them – they were too numerous to be mentioned in this brief acknowledgement - I would like to acknowledge my deep sense of gratitude to Dr. A.S. Boora, Dr. Ravi Gupta, Dr. M.P. Kapoor, Mr. Vipin Agarwal, Dr. Asif Haleem and Mr. Soumendu Bhattacharya for their ungrudging help at all stages. Thanks are also due to Sh. Sanjay Sharma, Sh. Jaipal and Ms. Meenakshi, Library support staff, ITS, Ghaziabad for continuous encouragement and moral support.

My special gratitude goes to Dr. Mukesh Dhumna, Director, IMSAR, M.D. University, Rohtak because without him this work would not have been completed today. Right from selection of the Title of Thesis to the submission stage Dr. Mukesh Dhumna helped me in this academic endeavor. I once again, salute the person for the kind co-operation, sincere guidance and help extended, even at odd hours, to me.
Lastly, no words can adequately express my debt of gratitude to my father and my mother for generating in me a perennial interest in higher studies. As the brunt of the researcher's occasional outburst of bad temper was borne by his family, without the constant and cheerful support of my wife, Rashmi, son Kshitij and daughter Medha, the task would have been impossible. Their tremendous co-operation, patience, support, encouragement, understanding and love helped to bring this effort to fruition.
