

## ACKNOWLEDGEMENTS

At the outset, I take the opportunity of expressing my deepest sense of gratitude and indebtedness to my major advisor and guide Dr. Pratap Chandra Panda, Principal Scientist, Taxonomy and Conservation Division, Regional Plant Resource Centre, Bhubaneswar for his invaluable advice, scholarly guidance, constant supervision and kind support throughout the period of my research work and preparation of this manuscript. I keep on record my heartiest appreciation and gratitude to my co-guide Dr. Arup Kumar Mukherjee, Senior Scientist, Central Rice Research Institute, Cuttack for his kind and constant advice, guidance, support and encouragements.

I owe a lot to Dr. Laxmikant Acharya, Assistant Professor, Centre of Biotechnology, Siksha 'O' Anusandhan University, Bhubaneswar for his help, cooperation and technical guidance and also for being a source of inspiration for me although. I express my heart-felt gratitude to Dr. Manoj Kumar Panda, Assistant Professor, Centre of Biotechnology, Siksha 'O' Anusandhan University, Bhubaneswar for his constant support and encouragement during the course of preparation of the thesis. Thanks are due to Sri Akhil Kumar Debata, my co-researcher and Sri Sarat Chandra Jena of RPRC, Bhubaneswar for their friendly attitude and for rendering all necessary help and cooperation during fieldwork and laboratory investigation. The assistance provided by my lab-mates Subrat, Kartik and Santanu is also thankfully acknowledged.

I wish to thank the Chief Executive, Regional Plant Resource Centre, Bhubaneswar for providing laboratory, library and such other facilities to carry out the research work. I am very much thankful to all the Scientists, Research Fellows and other field and office staff of RPRC, Bhubaneswar for their help and co-operation.

Grateful acknowledgements are due to my teachers Dr.K. Bijay Kumar, Dr. B. K. Mohanty and Dr. (Mrs.) Sujata Mohapatra, Department of Biotechnology, Khallikote Autonomous College, Berhampur for their goodwill, blessings and encouragements. Dr. (Mrs.) Sanghamitra Nayak and Mrs. Mithu Mukherjee have inspired and encouraged me although and I am indeed thankful to them.

I express my heart-felt gratitude to my parents Sri Chandramani Acharya and Smt. Surama Acharya for their love, affection and blessings through out my life. I appreciate the co-operation, encouragement and sacrifice of my wife Chinmayee and my loving son Aayush, who missed me a lot at home during the course of my research work and thesis writing.

Lastly, I thank all those who have helped me in someway or other in the course of the fieldwork, laboratory research and thesis writing.
