Acknowledgement

First of all, special thanks are directed to Dr. V. Salom Gnana Thanga Senior lecturer, Department of Environmental Science, University of Kerala for her scientific guidance extended throughout the process of the study and for choosing me as a PhD student in this interesting subject.

I express my heartfelt thanks to Dr. V. Sobha (Professor and head), Dr. V. R. Prakasam (Professor), Dr. D. S. Jaya and Dr. Sabu Joseph (Senior lecturers), Department of Environmental Science, University of Kerala for their valuable suggestions and help.

Many thanks go to Jude Emmanuel, Baijulal, Kannan, Jissy Jyothi and Bindhya for their timely help and for all the constructive comments that helped me improve my writing. I wish to extend my thanks to all the scholars, students and non-teaching staff for keeping me joyful with their splendid company and generous help, and all the marvelous cakes. I consider this opportunity to recall the love and care from the inmates of researcher's hostel.

The University Grants Commission, India is gratefully thanked for financial assistance to this study. I also wish to acknowledge, all the librarians in campus library, Department of Environmental Sciences and University library for their goodwill and support.

Many thanks go to everyone in my families for their support, encouragement, and endless love that have made my days happy. With great pleasure I record the encouragement and emotional support I received from my wife Anju. Everyone mentioned above and many others have contributed their energy, time, support, knowledge, inspiration, love, and friendship during my work on this thesis in an important and appreciated way.
