I wish to express my deep sense of gratitude to my revered and elite teacher, Prof. Arun Kumar, M.D., F.I.B.C.D., Head of the Department of Social and Preventive Medicine, M.L.B. Medical College, Jhansi (U.P.) for his keen interest, esteemed inspiration, generous affection and invaluable suggestions to accomplish the work.

I am very much grateful to Dr. S.B. Gupta, M.D., M.O.H.—Cum-Lecturer, Department of Social and Preventive Medicine, M.L.B. Medical College, Jhansi (U.P.) for his enlightening guidance and sympathetic concern in execution of this work.

I am also thankful to Dr. B.B. Verma, Ph.D., (Stat.), Reader in Medical Statistics, Department of Social and Preventive Medicine, M.L.B. Medical College, Jhansi (U.P.) for his suggestions and kind help in the statistical analysis of data.

I extend my sincere thanks to my teachers in the Department — Dr. (Mrs.) M. Babral, M.D., Reader, Dr. A.K. Malhotra, M.D., Lecturer, and Dr. (Mrs.) M. Govil, M.D., Lecturer, for their kind co-operation and valuable suggestions during the period of study.
Mr. S.B. Niranjana, Mr. Vijay Kumar and Interns posted in Social & Preventive Medicine Department, M.L.B. Medical College, Jhansi (U.P.) deserve special mention for the commendable work they have done in this thesis.

Last but not the least, words can hardly express my feelings to the children and their parents covered in this study for their co-operation.

I am also grateful to Mr. K.M. Thomas, for his help in bringing out this script in typed form. Every line of the script bears his keen interest and skilful labour.

Lastly, I offer my whole-hearted gratitude to all of them who, directly or indirectly, have made it possible for me to present this work in this form.
