Brief bio-data of author

Mrs. Deepika Chauhan was born on January 05, 1978 at Aligarh (U.P), India. She did bachelor of Engineering in Electrical Engineering from Aligarh Muslim University (U.P) in 2002 and thereafter she joined as a Lecturer in Department of Electrical & Electronics Engineering in G.L.A Institute of Technology and Management, Mathura (U.P). She has received post graduation degree (M.Tech) in Power System Engineering from Singhania University, Rajasthan. Presently, Mrs. Chauhan is holding the post of Associate Professor, Electrical Engineering , School of Engineering & Technology , Jaipur national University, Jaipur.

She has published papers in international journals. Her area of interest are solar thermal, photovoltaic, exergy, carbon trading , power system and circuit theory.
