

ACKNOWLEDGEMENT

I take this opportunity to profusely thank Prof. S.B. Ogale, Department of Physics, University of Poona, Pune for his able guidance and incessant encouragement extended to me at all phases of my work. His constant endeavour in tackling the problem from all fronts and untiring involvement in the minutest of the details have given this thesis the present form. I am indebted to him for the help rendered to me, otherwise which, this thesis would never have been completed.

I gratefully acknowledge Dr. S.M. Kanetkar, Reader in Physics, Department of Physics, University of Poona, for his interest shown in work and for his guidance and encouragement during my tenure. I am indebted to Prof. A.S. Nigavekar, Head of the Department of Physics, for making available all the facilities for my work. His timely advice and encouragement is also acknowledged.

I am also thankful to Prof. V.G. Bhide (School of Energy Studies, Pune University), Dr. S.V. Ghaisas (Department of Physics, University of Poona), Dr. S.M. Chaudhari (Scientific Officer), Dr. V.P. Godbole, Lecturer in Physics, University of Poona, Dr. K.S. Chari (Department of Electronics, New Delhi), Dr. P.R. Apte (TIFR, Bombay) for their help and encouragement in their respective fields.

I take the opportunity to express my thanks to all members of Submicron Materials Group viz. Dr. Sunil Kulkarni, Dr. Pradip Patil, Dr. Yashwant Bhandarkar, Vilas Koinkar, Ashok Kulkarni,

Pradeep Bilurkar, Sharad Yedave, Ajay Malshe, Rajiv Dushane, Sharad Chandra Rajarshee, Mohammad Faraji, Ajay Sharma, Mrs. Smita Ghaisas, Mrs. Sushma Joshi, Ratnakar Vispute, Sanjay Patil, Mrs. Sunita Bhagwat, Mrs. Rashmi Dixit, Subhash Bendre, Satish Dixit, Ravi Viswanathan, Anil Dhote, Shustarian Saied, Mrs. Vanita Naik and Mrs. Anjali Gadagkar who created a friendly, academic atmosphere and co-operation. I would like to specially mention the help offered by Mr. Ashok Kulkarni and Mr. Pradeep Bilurkar at the time of experimentation and preparation of the thesis.

My special word of thanks are also due to the University Scientific Instrumentation Center (USIC) staff and Mr. Mohan Bhide for carrying out various fabrication assignments and bearing with me at the times of priority.

I am also thankful to Council of Scientific and Industrial Research (CSIR) and Department Of Science and Technology (DST) for providing financial support during my doctoral work.

Finally, I express my deep sense of gratitude towards my parents and family members for their constant encouragement and moral support at all stages. The moral support of my spiritual Goddess, Kali Maan was also vital at all crucial stages of my work.
