ACKNOWLEDGEMENT

I wish to express my profound sense of gratitude and thanks to my guide Dr. Navnit Agarwal, M.D., Assistant Professor, Department of Medicine, M.L.B. Medical College, Jhansi, under whose careful supervision this work has become a reality. Apart from his academic brilliance and clarity of guidance, what struck me most during my association with him during this period, was the very human, and very understanding, nature of his personality. Any time I needed it, I knew I could unhesitatingly to to him for help and guidance. This perhaps was the biggest source of confidence and reassurance when undertaking this work, and I consider myself especially privileged in this regard.

In no less degree I owe my sincere most thanks to my co-guide Prof. R.C. Arora, M.D., D.Sc., Head, Department of Medicine, M.L.B. Medical College, Jhansi, and Dr. (Mrs.) Sunita Arora, M.S., Associate Professor, Department of Obstetrics and Gynaecology, M.L.B. Medical College, Jhansi. It is to the credit of their knowledge, experience, and excellence in expression, that this work could be brought out in its present form.

I am particularly indebted to Dr. D.N. Mishra, M.D., MNAMS, FCCP, Professor, Dr. P. K. Jain, MD, MNAMS, Assistant Professor, Dr. Praveen Kumar, MD, DM(Card.), Dip. Card., Assistant Professor in Cardiology, Department of Medicine for giving me inspiration and encouragement to complete the present work.
For my friends and junior colleagues - especially Dr. Dinesh Gupta, Dr. V.K. Saxena, Dr. Shalebh Agarwal and Dr. Paras Nath Sharma - a sense of gratitude and thanks that cannot be quantified in words. They were always there - willing, smiling, and ever dependable - to lend a helping hand whenever I needed it, despite being busy with a hectic schedule of their own.

To Mr. Phool Chandra Sachan, immense thanks for his painstaking and meticulous efforts in typing such an excellent manuscript. Finally, but in no less measure, I am grateful and indebted to all those patients who were the subjects for this study.
