Acknowledgement

I express my heartfelt gratitude to my supervising teacher Prof. (Dr.) Sabu Thomas, School of Chemical Sciences, Mahatma Gandhi University for his invaluable guidance, motivation and inspiration during the entire course of my research work. It has been a great pleasure for me to work under his supervision. I am indebted to him for his encouragement and support throughout my work. I would like to express my sincere thanks to my supervising teacher Dr. Soney. C. George, Head of the Department of Polymer Chemistry, Amal Jyothi College of Engineering, Kanjirappally, for his wholehearted support and valuable advice.

My heartfelt gratitude to Prof. (Dr.) M. Padmanabhan and Prof. (Dr.) M. R. Gopinathan Nair of School of Chemical Sciences for their invaluable suggestions and help in chemical analysis.

I am grateful to University Grants Commission for granting me Teacher Fellowship under the Faculty improvement programme.

I wish to thank the Principal, Management and the Department of Chemistry, St. Thomas College, Kozhencherri, for their earnest cooperation in providing the facilities for conducting a part of the research. Also, I am thankful to my teachers Dr.P.V.Babykutty, Prof. P.T.Daniel, Prof.P.M.Thomas, Prof.Aleyamma Thomas, Prof. M.T.Sosamma, Prof. K.M. Mathew, and late Prof. M.O.Samuel of Chemistry Department, for their encouragement and co-operation. My sincere thanks are also due to Prof.L.Uma Devi and Prof. Daisiamma Cherian for their moral and spiritual support. Immense thanks are also due to Prof. Issac Abraham and Dr. Varghese Oommen who supported me at the crucial juncture of my work.
I wish to express my sincere gratitude to Dr. Cibi Komalan and Dr. P. C. Thomas for their constant encouragement and moral support.

I am thankful to Dr. Christophe Sinturel Centre de Recherché Sur la Matiere Divisée, Université d'Orléans, France, for his help in conducting DSC analyses in their laboratory. Also I express my gratitude to Prof. (Dr) Jose M Kenny, University of Perugia, Italy and Dr. P. Sreekumar, King Fahd University of Petroleum & Minerals, Kingdom of Saudi Arabia for the completion of Nanoindentation analyses.

I am indebted to Prof. (Dr) Sung Soo Kim, Inha University, Nam-Ku, Korea for the NMR, GPC, AFM and TEM analyses. My sincere gratitude to Dr. Prakash J. Saikia, North-East Institute of Science & Technology, Assam for the GPC measurements. I am indebted to Dr. Jean Marc Saitre Université de Rouen, Faculté des Sciences, Avenue de l'Université, France for doing the dynamic mechanical analysis.

I wish to express my heartfelt and sincere thanks to Dr. S. Arunan, Institute lab, School of Chemical Sciences for his timely help in completing SEM studies. Thanks are also due to Manojkumar.

I would also like to extend my sincere thanks to the directors and personnel of Atul Polymers, India, for their timely supply of chemicals as gift samples.

My heartfelt and sincere thanks to Dr. Bejoy Francis for his invaluable suggestions and support during the entire work. Thanks are also due to Sajeev Martin George, research scholar of Polymer technology laboratory who helped me in the DSC analysis.

This work would not have been possible without the unstinting support extended to me by my colleagues. My deep gratitude and sincere thanks are due to my dear friends, Meera A. P., Poornima Vijayan, P. Jyothishkumar,
Dr. Jesmey Jose, Anu Tresa Sunny, Sarath Chandran, Rajisha K.R., Ajesh Zachariah, Eldho Elias, Nidhin Chandran, Abhilash S., Binil Eldho, Kishore, Runci, Hanna J Maria, P. Deepalakhmi, Christina and Sasikala. I am also thankful to Associate Professors Prema Sukumar, Usha Devi, Dr. Indira K.N, Dr. Shaji Joseph, Dr. Raju Thomas, Dr. Sherly Annie Paul, Dr. Maries Idiculla, and Dr. Molly K.A. I also thank Shijo, Sholly, Riffana, Reshmi and Jesila for lab and computer assistance.

Finally, I express my deep sense of gratitude and regard to all the members of my family whose prayers, affection, encouragement, inspiration, patience which enabled me to complete this research work successfully. I remember with gratitude my beloved parents late Mr. M. Thomas Mathews and Mrs. Ammini Mathews, Mulamootil Thazhayil, Kozhencherri for their sincere and whole hearted efforts and prayers behind my achievements. I am thankful to my sisters Prof. Jesso Annie Mathews and Dr. Jenu Mary Mathews and brother Mr. Jijo M. Thomas for their constant moral support. My hearty thanks to my husband Jimmy, daughter Jenney and son Jiby for their unconditional love, care, affection, motivation, and support during the entire research work.

Thanks are due to Shibu K.V. and Unni, Minitek Computer, for the valuable help in word-processing this thesis.

I would like to put on record and thank one and all who have directly or indirectly extended their kind cooperation and support throughout my research work.

At this juncture, I humbly bow before the Almighty God for showering His blessings on me, and for giving me the strength and wisdom to achieve my dream.
