ACKNOWLEDGEMENTS

I express my deep sense of gratitude to Dr S.C Sharma, Professor and Director, CMRTU, Bangalore for encouraging me to take up this research work, which otherwise would have remained a dream. His kind cooperation, guidance and help throughout my research work is sincerely acknowledged.

My grateful thanks are due to Sri D A Pandu, Honorary Secretary, RSST, for his constant encouragement.

My sincere thanks are due to the invaluable support rendered by the staff of CMRTU, particularly to Sri M Krishna for his immense help and useful suggestions.

My heartfelt thanks are due to my parents, wife and daughter who have cooperated and contributed in one way or the other during the progress of my research work.
